Public Notice – Request for Comment
Draft Five-Year Rule Review of Ohio Administrative Code (OAC) Rules
OAC Chapter 3745-73, "Total Reduced Sulfur"

Notice is hereby given that in accordance with Ohio Revised Code (ORC) 106.03 and 106.031 (5-year rule review), the Ohio Environmental Protection Agency, Division of Air Pollution Control (DAPC) has reviewed the rules contained in Ohio Administrative Code (OAC) Chapter 3745-73. The rules in this chapter set limits, testing and recordkeeping requirements for emissions of reduced sulfur from Kraft Pulp mills in the state of Ohio.

As part of the rule-making process, DAPC is required by Section 121.39 of the Ohio Revised Code to consult with organizations that represent political subdivisions, environmental interests, business interests, and others affected by the rules. The DAPC is offering your organization the opportunity to comment on this rule before the division formally proposes them.

These rules and supporting documentation including a draft of the Business Impact Analysis (BIA) document are available electronically for review at: http://epa.ohio.gov/dapc/regs/regs.aspx. See the information under "Interested Party Review" tab for OAC Chapter 3745-73. We request that you provide us with any comments you may have to the draft BIA document by **Friday, February 12, 2016.**

Please submit your comments or suggestions to the following addresses. Persons submitting comments electronically are encouraged to follow-up with a hard copy via regular mail:
