

Compliance Assistance Conference
October 30-31, 2018
Conference Agenda DRAFT

DAY ONE

7:30 a.m. - 8:30 a.m.	Registration, Coffee and Pastries
8:30 a.m. - 8:45 a.m.	Welcome and Opening Remarks
Grand Ballroom - 8:45-9:30 a.m. Keynote Speaker - Ohio EPA Director Craig Butler	
Break/Midmorning Coffee - 9:30 a.m. to 9:45 a.m.	
Breakouts: Session One - 9:45 a.m. to 10:45 a.m.	
9:45 - 10:45 a.m.	<p>EPCRA (Right-to-Know) and TRI (Toxic Release Inventory) Reporting (Part 1)</p> <p>Description: If you are handling chemicals at your business, you probably need to report under these programs. Even small businesses may be required to report. Come learn more about who is required to file reports and the reporting procedures for each program. This is a two-part session.</p> <p>Speaker: Jeff Beattie, DAPC Moderator: Cindy DeWulf</p>
9:45 – 10:45 a.m.	<p>Hazardous Waste Requirements – The Basics (Part 1)</p> <p>Description: If you need to know the basics about Ohio’s hazardous waste regulations, this session is for you. We’ll cover how to evaluate your waste streams to see if they are hazardous, an overview of your requirements as a hazardous waste generator, and simple steps you can take to recycle and/or reduce wastes at your business - steps that can reduce your regulatory burden and save you money! Do you generate hazardous spent light bulbs or batteries? You may be able to manage them under less burdensome standards than regular hazardous waste. The Universal Waste rules will also be reviewed including the three new Ohio-Specific categories. This is a two-part session which continues after the morning break.</p> <p>Speaker: Tim Killeen and Tammy Heffelfinger, DERR Moderator: Tammy McConnell, DERR</p>
9:45 - 10:45 a.m.	<p>Introduction to Air Permitting and Reporting (Part 1)</p> <p>Description: Environmental regulations are complex and determining if your business needs an air permit can be confusing. If you are wondering whether you need an air permit, this first session is for you. We'll cover the basic steps in evaluating all your emission sources, documenting exemptions, and getting a permit for those that need one. We'll cover the types of permits available, including general permits, permit-by-rule options, and permits-to-install-and-operate (PTIO). Authorized pre-permit construction activities will be discussed. Finally, we'll provide an overview of how to complete permit application data, calculate emissions of criteria and air toxic pollutants and work with your district office.</p> <p>Speakers: Tim Fischer, DAPC-NEDO and Ben Halton, DAPC-CDO Moderator: Kelly Saavedra, DAPC</p>

9:45 a.m. - 10:45 a.m.	<p>Section 401 Wetlands Permitting in Ohio – Program and Regulatory Updates</p> <p>Description: Are you considering developing an existing green space for your new business, or contemplating an on-site expansion project? If so, will your project involve dredging, filling or other activities that may have an impact to waters of the state, such as wetlands, ponds, streams, or rivers? If so, you need to be aware of Ohio EPA's 401 water quality certification and isolated wetlands permitting requirements under Ohio's laws and regulations. In this session, we'll cover the basics of the 401 and isolated wetlands requirements, application process, how to avoid common problems that could cause delays, and the new Water Quality Certified Professional Program.</p> <p>Speakers: Joni Lung and Cara Hardesty, DSW Moderator: Ashley Ward, DSW</p>
10:45-11:00 Break	
Breakouts: Session Two - 11:00 a.m. to 12:00	
11:00 a.m. - 12:00	<p>EPCRA (Right-to-Know) and TRI (Toxic Release Inventory) Reporting (Part 2)</p> <p>Description: This session continues as we review the EPCRA and TRI reporting requirements.</p> <p>Speaker: Jeff Beattie, DAPC Moderator: Cindy DeWulf, DAPC</p>
11:00 a.m. - 12:00	<p>Hazardous Waste Requirements – The Basics (Part 2)</p> <p>Description: This session continues as we cover the basics about Ohio's hazardous waste regulations.</p> <p>Speaker: Tim Killeen and Tammy Heffelfinger, DERR Moderator: Tammy McConnell, DERR</p>
11:00 a.m. - 12:00	<p>Introduction to Air Permitting and Reporting (Part 2)</p> <p>Description: This session continues with an overview of record keeping and reporting requirements contained in a typical air permit. You'll get practical advice on how to keep on top of your reporting responsibilities and stay in compliance, including the reporting of equipment malfunctions and completing fee emission reports.</p> <p>Speakers: Tim Fischer DAPC-NEDO and Ben Halton, DAPC-CDO Moderator: Kelly Saavedra, DAPC</p>
11:00 a.m. - 12:00	<p>How to Get or Renew an NPDES Permit</p> <p>Description: Federal and State law prohibit the discharge of pollutants to a stream or river without having a discharge permit. The discharge permit's fancy name is National Pollutant Discharge Elimination System or NPDES for short. This session will cover basics of how to get or renew an NPDES permit and how permit conditions and limits are determined.</p> <p>Speaker: Cole Miller, DSW Moderator: Ashley Ward, DSW</p>

12:15 - 1:00 Lunch – Ballroom
1:00 – 2:00 Plenary Session
Divisions Chiefs – Program Priorities and Hot Topics for Water and Dredge

Participants: Tiffani Kavalec, DSW, Amy Jo Klei, DDAGW and Karl Gebhardt, Director's Office
Moderator: Laurie Stevenson, Director's Office

Breakouts: Session Three - 2:15 p.m. to 3:30 p.m.

2:15 p.m. - 3:30 p.m.	<p>RMP (Risk Management Plan) Reporting</p> <p>Description: Any facility with more than the threshold quantity of a listed regulated substance in a single process is affected. A "process" is defined as "any activity involving a regulated substance, including any use, storage, manufacturing, handling or on-site movement of the substance or any combination of these activities. Come learn more about the RMP requirements and how to submit your report.</p> <p>Speakers: Jeff Beattie, DAPC Moderator: Cindy DeWulf, DAPC</p>
2:15 p.m. - 3:30 p.m.	<p>Emerging Topics in Hazardous Waste (Part 1)</p> <p>Description: This is a two-part session which includes an overview of the new and upcoming hazardous waste regulations. If you would like to know more about the changes coming to the hazardous waste program, this is the session to attend. We will have several experts in this session to answer questions you may have regarding the emerging topics, including: Corrective Action for meeting the RCRA 2020 goals; Federal hazardous waste updates; further discussion on the Ohio-Specific Universal Waste rules; rules pertaining to the recycling of hazardous waste (a.k.a. the Definition of Solid Waste Rule); E-manifest Rules; Generator Improvements Rules; and the Contaminated Apparel and Wipes Exclusion.</p> <p>Speakers: James Sferra, Karen Hale, Mitch Mathews, Jacquie Keller and Paula Canter, DERR Moderator: Tammy McConnell, DERR</p>
2:15 p.m. - 3:30 p.m.	<p>Air Services and Ohio EPA's eBusiness Center</p> <p>Description: This session includes an overview of Air Services, Ohio EPA's online tool for completing air permit applications. We will also cover the Agency's eBusiness Center for other updates on interacting electronically with Ohio EPA to submit your air permit applications and reports.</p> <p>Speakers: Erica Engel-Ishida and Elisa Olien, DAPC Moderator: Dan Sowry, DEFA</p>
2:15 p.m. - 3:30 p.m.	<p>NPDES – Permit, New and Proposed Rules and Policies</p> <p>Description: During this session, you will learn more about new and proposed rules, policies and regulations that could impact your non-storm water NPDES permit. Highlights include revised NPDES rules, update on aquatic life use water quality standards rules, potential future general permits and implementation of federal 316(b) requirements, which impacts all facilities with a surface water intake.</p> <p>Speakers: Ashley Ward, DSW Moderator: Alison Shockley, DMWM</p>

Afternoon Break - 3:30 p.m. to 3:45 p.m. - Sodas & Cookies in Foyer/Exhibit Area

Breakouts: Session Four - 3:45 p.m. to 5:00 p.m.

3:45 p.m. - 5:00 p.m.	<p>Ohio EPA's Response Programs and Emerging High-Priority Situations</p> <p>Description: Have you ever had a spill or release of materials and weren't sure exactly what to do? In this session, we'll cover the basic Ohio EPA reporting requirements for emergency situations. We'll also talk about the organization of the emergency response program at Ohio EPA and efforts to coordinate with the Ohio Emergency Management Agency. In addition, we'll talk about some of the scenarios that have been identified by Ohio EPA as high-priority response and communication situations.</p> <p>Speakers: Isaac Robinson, CDO, Ed Gortner and Mike Proffitt, DERR Moderator: Laurie Stevenson, Director's Office</p>
3:45 p.m. - 5:00 p.m.	<p>Emerging Topics in Hazardous Waste (Part 2)</p> <p>Description: This session continues as we cover Ohio's hazardous waste emerging topics, including: Corrective Action for meeting the RCRA 2020 goals; Federal hazardous waste updates; further discussion on the Ohio-Specific Universal Waste rules; rules pertaining to the recycling of hazardous waste (a.k.a. the Definition of Solid Waste Rule); E-manifest Rules; Generator Improvements Rules; and the Contaminated Apparel and Wipes Exclusion.</p> <p>Speakers: James Sferra, Karen Hale, Mitch Mathews, Jacquie Keller and Paula Canter, DERR Moderator: Tammy McConnell, DERR</p>
3:45 p.m. - 5:00 p.m.	<p>How to Complete a Minor Source Air Permit Application</p> <p>Description: This session will include instructions on how to fill out the standard application for minor source air permits, common do's and don'ts, and how a complete application allows for faster processing. Although the session will focus on hard copy forms, the information also applies when completing an electronic permit application through Air Services.</p> <p>Speakers: Jan Tredway, DAPC NWDO and Jana Gannon, DAPC NEDO Moderator: Cindy DeWulf, DAPC</p>
3:45 p.m. - 5:00 p.m.	<p>Preparing for an Ohio EPA Inspection</p> <p>NOTE: This session is also offered on day 2 of the conference (10:45-12:00 time slot).</p> <p>Description: Ever wonder what happens when an Ohio EPA inspector shows up at your business? First, don't panic. Come learn more about the inspection process and get practical tips on how you can prepare your business when an inspector does show up. Part one of this session will also include a panel discussion from field staff who will share with you the common problems they've seen during inspections. Or, perhaps your business has already been inspected in the past and you want some guidance on how to improve communication with the Agency. If you want to know more about what happens before, during and after an inspection and be better prepared when the time does come, stop by this session.</p> <p>Speakers: Frank Zingales, DERR, Paul Vandermeer, DSW and Olen Ackman, DAPC Moderator: Dan Sowry, DEFA</p>
Day One Conference Adjourns – 5:00 p.m.	

CONFERENCE DAY 2

7:45 a.m. - 8:30 a.m.	Coffee and Pastries
8:30 a.m. - 8:45 a.m.	Welcome and Opening Remarks
8:45-10:00 a.m. Plenary Session E3 Recognition Event / 2018 Award Winners	
Coffee Break- 10:00 a.m. to 10:15 a.m.	
Breakout Session One – 10:15 a.m. – 11:45 noon	
10:15 a.m. - 11:45	<p>How to Save Money and Become More Sustainable Through Energy Efficiency</p> <p>Small and medium-sized manufacturers may be eligible to receive a free assessment from a regional Industrial Assessment Center (IAC). Teams located at 28 universities around the country conduct the energy audits to identify opportunities to improve productivity, reduce waste and save energy. Dr. Kelly Kissock leads the IAC program at the University of Dayton. As one of the original four centers, the Dayton IAC has helped identify savings and increase productivity for more than 900 manufacturers in multiple industrial sectors through recommendations and changes in processes and equipment. This session will describe the energy audit process and effective approaches to reduce waste, as well as how to qualify for a free assessment.</p> <p>Speaker: Dr. Kelly Kissock, University of Dayton, Industrial Assessment Center Moderators: Bill Narotski and Mike Kelley, DEFA</p>
10:15 a.m. - 11:45	<p>Preparing for an Ohio EPA Inspection</p> <p>NOTE: This session is a repeat of the same session offered on day 1 of the conference (3:00-4:30 p.m. time slot)</p> <p>Description: Ever wonder what happens when an Ohio EPA inspector shows up at your business? First, don't panic. Come learn more about the inspection process and get practical tips on how you can prepare your business when an inspector does show up. Part one of this session will also include a panel discussion from field staff who will share with you the common problems they've seen during inspections. Or, perhaps your business has already been inspected in the past and you want some guidance on how to improve communication with the Agency. If you want to know more about what happens before, during and after an inspection and be better prepared when the time does come, stop by this session.</p> <p>Speakers: Frank Zingales, DERR, Paul Vandermeer, DSW and Olen Ackman, DAPC Moderator: Tammy McConnell, DERR</p>
10:15 a.m. - 11:45	<p>Ohio's Materials Marketplace and Financial Incentives to Encourage Recycling</p> <p>Description: Be a leader in Ohio's emerging circular economy and achieve your recycling and waste reduction goals! The session will highlight the Ohio Materials Marketplace (OMM) and how this fee and interactive system allows businesses and organizations to connect and find reuse and recycling solutions for waste and by-product materials. The session will also discuss Ohio EPA's Recycling & Litter Prevention Grant program, the application process and the types of activities funded. This competitive grant program provides opportunities for local governments, businesses and nonprofit organizations to establish and implement recycling & litter prevention programs, market development for manufacturers, expansion of equipment and processing facilities, and infrastructure improvements leading to processing efficiencies. Examples of organizations who have received funding under this program will be reviewed to demonstrate the types of activities funded under this program, and the components of a successful grant application.</p> <p>Speakers: Frank Basting and Dave Foulkes, DEFA Moderator: Dan Sowry, DEFA</p>

10:15 a.m. - 11:45	<p>Storm Water Permitting Requirements for Industrial Activity</p> <p>Description: Storm Water Permitting Requirements for Industrial Activity Description: The goal of Ohio EPA's storm water program is to prevent the pollutants from entering into our waterways through contaminated storm water runoff. Certain industrial sectors are required to get a storm water permit and implement a storm water pollution prevention plan (SWPPP) to ensure that industrial activities do not result in contamination of storm water runoff. Plan to attend this session if you want to know more about how to get a permit, best management practices and how to avoid problems. The session will include a discussion of Ohio EPA's General Industrial Storm Water Permit.</p> <p>Speaker: Jason Fyffe, DSW Moderator: Ashley Ward, DSW</p>
10:15 a.m. - 11:45	<p>A General Overview - SPCC Plans for Oil and Oil products</p> <p>Description: If you handle oil or oil products, you could be subject to the Spill Prevention Control and Countermeasure (SPCC) regulations. The SPCC requirements apply to even small businesses. These regulations require that secondary containment be provided for oil storage areas and that you prepare an SPCC plan to address emergency situations. If you handle oil or oil products, you'll want to sit in on this session to learn more about how the SPCC requirements. This presentation will cover requirements for oil production, bulk oil storage and end use storage facilities. Learn about "what to expect during a federal SPCC inspection" and the common violations seen in the field.</p> <p>Speakers: Mark Howard, U.S. EPA Moderator: Laurie Stevenson, Director's Office</p> <p>NOTE: This is a general overview session which is presented once during the conference. There is a more in-depth SPCC session following this overview that will cover the specifics of developing an SPCC plan, secondary containment, spill response, as well as the policy issues associated with the new SPCC guidance document.</p>
<p>12:00-12:45 Lunch – Ballroom</p> <p>12:45-1:45 Plenary Session</p> <p>Divisions Chiefs – Program Priorities and Hot Topics for Air, Waste and Environmental Response/Remediation</p> <p>Participants: Bob Hodanbosi, DAPC, Vlad Cica, DMWM and Mike Proffitt, DERR Moderator: Laurie Stevenson, Director's Office</p>	
<p>Breakouts: Session Two - 1:45 p.m. to 3:00 p.m.</p>	
1:45 p.m. - 3:00 p.m.	<p>Air Permitting for Major Sources/Title V Facilities (Part 1)</p> <p>Description: In this session, we'll cover the basics of Major New Source Review (NSR), including:</p> <ul style="list-style-type: none"> • Applicability and attainment/non-attainment • Modeling basics • Modifications • What's new • When to get a consultant, other sources of help and timing issues <p>Speakers: Bob Hodanbosi and Mike Hopkins, DAPC Moderator: Cindy DeWulf, DAPC</p>
1:45 p.m. - 3:00 p.m.	<p>Beneficial Use and the Future of Solid Waste Management in Ohio (Sludge/Residual/Dredge)</p> <p>Description: Come learn more about what Ohio EPA is doing to develop rules, policies and procedures to allow and encourage the easy reuse of materials, including but not limited to, materials being generated as part of Ohio's emerging oil and gas industry, dredged material, water treatment sludge, foundry sand and solid waste burned for energy recovery. This session will also highlight the new construction and demolition debris recycling program.</p> <p>Speaker: Harry Sarvis, DMWM Moderator: Alison Shockley, DMWM</p>

1:45 p.m. – 3:00 p.m.	<p>Pollution Prevention and Sustainability</p> <p>Description: Pollution prevention (P2) is the "gateway" to sustainability! The session covers that understanding waste generation and how it can be minimized is the first step to eliminating waste, increasing efficiency and developing a sustainable culture at your organization. Come learn more about simple, P2 and sustainable strategies that you can adopt at your business. The session also provides an overview of Ohio companies that have established and long-standing sustainability programs that serve as an example for other businesses and organizations wanting to start and improve their program. In addition, we'll cover the free services of Ohio EPA's Office of Compliance Assistance and Pollution Prevention, including on-site assistance and more.</p> <p>Speakers: Frank Basting and Mike Kelley, DEFA Moderator: Dan Sowry, DEFA</p>
1:45 p.m. - 3:00 p.m. Pavilion	<p>Storm Water Permitting Requirements for Construction Activities</p> <p>Description: Construction sites impact Ohio's waters by adding pollutants, especially sediment, to rainwater running off construction sites during construction and making long-term land use changes that alter the hydrology and pollutant loading of local streams. Construction projects disturbing one or more acres of ground are required to get a storm water permit and implement a storm water pollution prevention plan (SWP3) to limit the negative impacts of construction projects on Ohio's waters. Plan to attend this session if you want to know more about how to get a permit, best management practices and how to avoid problems. The session will include a discussion of Ohio EPA's General Construction Storm Water Permit.</p> <p>Speakers: John Matthews, DSW Moderator: Ashley Ward, DSW</p>
1:45 p.m. – 3:00 p.m. Ballroom 4	<p>Special Session – SPCC in-depth (three-hour session before and after lunch)</p> <p>Description: This approximate three-hour session begins at 1:45 and runs until the close of the conference at 4:30. It is a hands-on course designed to go into detail on the specifics of the SPCC requirements, including how to develop your plan, secondary containment and response requirements. Plan to join this session if you need to get "in the weeds" on SPCC requirements. The course will include a detailed rule review and implications of the new guidance document from U.S. EPA. Each session builds upon the previous presentation and there is no repeat content.</p> <p>Speakers: Mark Howard, U.S. EPA Moderator: Tammy McConnell, DERR</p>
Break – 3:00 p.m. – 3:15 p.m.	
Breakout Session Three – 3:15 p.m. - 4:30 p.m.	
3:15 p.m. - 4:30 p.m.	<p>Air Permitting for Major Sources/Title V (Part 2)</p> <p>Description: In this session, we'll cover the basics of Title V permitting, including: applicability and trigger levels, modification basics, where to find key guidance and what's new: CAM, MACT referencing, renewals.</p> <p>Speakers: Bob Hodanbosi and Mike Hopkins, DAPC Moderator: Cindy DeWulf, DAPC</p>
3:15 p.m. - 4:30 p.m.	<p>Ohio EPA – Legal Priorities and Perspective Enforcement Priorities and Initiatives to Improve Inspection and Enforcement Processes</p> <p>Description: In this session, we'll cover direction, updates and priorities of Ohio EPA's legal and enforcement programs. In addition, we'll discuss Ohio EPA's Inspector Rotation Policy and other initiatives to improve our inspection and enforcement processes.</p> <p>Speaker: Todd Anderson, Chief Legal Moderator: Laurie Stevenson, Director's Office</p>

3:15 p.m. - 4:30 p.m.	<p>Ohio EPA's Office of Compliance Assistance and Pollution Prevention Resources to Help You Reduce Pollution and Achieve Compliance</p> <p>Description: Did you know that some simple changes in the way you do business can result in not only reducing pollution, but also save you money? Reducing your waste generation may also mean that you have fewer regulations to comply with. Come learn more about simple, pollution prevention (P2) strategies that you can adopt at your business. We'll show you case studies from businesses that have reduced waste and how they did it. In addition, we'll cover the free services of Ohio EPA's Office of Compliance Assistance and Pollution Prevention, including P2 site visits, compliance visits, assistance with air permit applications and more.</p> <p>Speakers: Dan Sowry, Lexi Andrews and Dave Foulkes, DEFA Moderator: Mike Kelley, DEFA</p>
3:15 p.m. - 4:30 p.m.	<p>Ohio EPA Division of Surface Water Tracking, Reporting, and Electronic Application Management System reporting capabilities</p> <p>Description: In this session you will learn about the Ohio EPA Division of Surface Water Tracking, Reporting, and Electronic Application Management System reporting capabilities. Learn the “who, why, what, and how’s” to the REPORTING dashboard. The STREAMS Administrator will field questions, provide information on the latest software upgrades, and provide an overview of the Emergency Upset, Bypass and Overflow Report as well as the streamlined Non-compliance Report.</p> <p>Speakers: Whitney Works, DSW Moderator: Ashley Ward, DSW</p>
3:15 p.m. - 4:30 p.m.	<p>Special Session – SPCC in-depth (three-hour session before and after lunch)</p> <p>Description: This approximate three-hour session begins at 1:45 and runs until the close of the conference at 4:30. It is a hands-on course designed to go into detail on the specifics of the SPCC requirements, including how to develop your plan, secondary containment and response requirements. Plan to join this session if you need to get “in the weeds” on SPCC requirements. The course will include a detailed rule review and implications of the new guidance document from U.S. EPA. Each session builds upon the previous presentation and there is no repeat content.</p> <p>Speakers: Mark Howard, U.S. EPA Moderator: Tammy McConnell, DERR</p>
<p>Conference Ends 4:30 p.m.</p>
