

Public Notice
Ohio Environmental Protection Agency
Revised Ohio Air Monitoring Network Plan 2016-2017

Notice is hereby given that the Director of the Ohio Environmental Protection Agency, (Ohio EPA), as required by 40 CFR 58.10, is making a revision of the 2016-2017 Annual Air Monitoring Network Plan available for a 30-day public comment period. Ohio EPA is making revisions to this plan to provide additional details regarding Ohio's plan for fulfilling the requirements of Appendices A, C, D, and E of 40 CFR Part 58 related to ambient air monitoring. All plans for the monitoring of lead, sulfur dioxide, carbon monoxide, nitrogen dioxide, ozone and fine particulates are subject to approval by the United States Environmental Protection Agency (U.S. EPA). The revised plan may be viewed at:

Annual air monitoring plans must be noticed to allow public comment and to satisfy U.S. EPA requirements for public involvement in air monitoring activities. This notice addresses Ohio EPA's reliance on air monitoring as evidence of attainment and maintenance and the commitment to institute contingency measures if ambient exceedances or violations trigger the contingency plan requirements. **Written comments must be received on or before December 12, 2016** at the following address:
