Re: 2014 Conditioned License to Operate a Public Water System

Dear Mr. Schiller:

Enclosed is the 2014 license to operate (LTO) a public water system (PWS) for Greenlawn Condos (PWS ID# OH1204912). In accordance with Ohio Revised Code (ORC) § 6109.21 and Ohio Administrative Code (OAC) Rule 3745-84-06, the LTO is hereby issued with conditions due to violations of drinking water regulations at the PWS. In accordance with OAC Rule 3745-84-04, PWSs are required to display the yellow, conditioned license at the office of the PWS, and to notify the residents of the conditioned status of the license in the Consumer Confidence Report pursuant to OAC Chapter 3745-96.

The LTO is conditioned through January 30, 2015, with the following requirements:

1. Immediately comply with all terms of the Director's Final Findings and Orders issued on September 20, 2013.
2. Comply with all current and subsequent monitoring schedules issued by the Director, in accordance with OAC Chapter 3745-81.
3. Comply with total coliform bacteria monitoring requirements, including both routine and repeat samples, in accordance with OAC Rule 3745-81-21 and OAC Rule 3745-81-42.
4. Comply with all LTO renewal requirements, in accordance with OAC Chapter 3745-84.

If the requirements of the conditioned LTO are fulfilled, the PWS may be eligible for a green, unconditioned license in the next renewal period. Should the PWS fail to comply with these conditions, the LTO may be suspended or revoked. A PWS with a suspended LTO may only operate as authorized by the Director, and a PWS with a revoked LTO is prohibited from producing water for human consumption. Human consumption is defined in OAC Rule 3745-81-01 to include, but is not limited to, drinking, food preparation, dishwashing, and hand washing. Additionally, owners and/or operators who fail to comply with Ohio's safe drinking water laws are subject to civil penalties of up to \$25,000.00 per day per violation under ORC § 6109.33. Operating with a suspended or revoked LTO may jeopardize other licenses.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to ORC § 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Ohio Treasurer Josh Mandel," which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
77 South High Street, 17th Floor
Columbus, OH 43215
