Logan, Ohio 43138

RE: Hocking County
Lake Logan Campground
Non-Community, Transient
PWSID#: OH3736712

Hand Delivery

Dear Mr. Anthony:

Lake Logan Campground public water system (PWS) has violated Ohio's safe drinking water law. Specifically, the PWS failed to monitor for total coliform, nitrate, and has failed to issue public notices.

Owners or operators of public water systems that fail to comply with Ohio's safe drinking water laws and regulations are subject to civil penalties of up to \$25,000 per day per violation under Ohio Revised Code Section 6109.33.

To resolve your drinking water violations and avoid possible legal action and civil penalties, it is agreed that Lake Logan Campground will:

1. Comply with all current and future contaminant monitoring schedules issued by the Director.
2. Comply with total coliform bacteria monitoring and maximum contaminant level (MCL) requirements, in accordance with OAC Rules 3745-81-21 and 3745-81-14, respectively.
3. Comply with nitrate monitoring requirements, in accordance with OAC Rule 3745-81-23(B).
4. Issue public notice for all monitoring and MCL violations, in accordance with OAC Rule 3745-81-32.

Sincerely,

Michael G. Baker, Chief
Division of Drinking and Ground Waters
