

**\*\*\*DRAFT - NOT FOR FILING\*\*\***

**3745-87-04**      **Evaluation criteria.**

- (A) The asset management program shall include all items in rule 3745-87-03 of the Administrative Code in a format acceptable to the director.
- (B) The water system shall develop level of service goals and track metrics as defined in rule 3745-87-05 of the Administrative Code. The level of service goals shall include information collection and management practices to track progress towards meeting goals and improving overall system efficiency.
- (C) The director may only grant acceptance at the time of review of the asset management program after a demonstration of appropriate implementation of the asset management program as stated in rule 3745-87-05 of the Administrative Code.
- (D) The director may request a public water system to submit a written description of the public water system's asset management program. The public water system shall submit the written description within thirty days of the request.
- (E) If a public water system's asset management program does not comply with the requirements of this chapter, the director may require the owner or operator to revise and resubmit the written description of the asset management program.
- (F) A copy of the asset management program shall be available for inspections by representatives of the director.
