TRAINING ANNOUNCEMENT FOR OPERATORS & OWNERS OF PUBLIC WATER SYSTEMS; LABORATORY PERSONNEL; AND INTERESTED HEALTH DEPARTMENT STAFF

The Ohio EPA Northeast District Office cordially invites you to join us for one of our free Informational Sessions discussing the upcoming changes to the rule for bacteria sampling. The Revised Total Coliform Rule (RTCR), which will be effective April 1, 2016, has significant changes that will affect all public water systems.

Date: February 24, 2016

Time:* 10:00 am to 11:00 am and again from 1:00 pm to 2:00 pm

Location: Ohio EPA Northeast District Office

2110 East Aurora Road

Twinsburg, OH 44087

* Sessions will be identical. Two session times offered for your convenience.

The session is also similar to the training presented by the Northeast District Office on January 8, 2016.

Who Should Attend?

Operators of Record and/or Owners of public water systems; Laboratory personnel; and interested local health department staff

Is Registration Required?

No. Prior registration is not required.

About the Informational Session

The session will feature speakers from the Ohio EPA's Northeast District Office, Division of Drinking and Ground Water, who will discuss the Revised Total Coliform Rule (RTCR).

After each session, Ohio EPA's Division of Drinking and Ground Water staff will be available to answer your questions and offer any individual assistance.

Please note: 1 Contact hour may be obtained for those individuals with a water license.

Questions? Please contact Pam Korenewych at: Pam.Korenewych@epa.ohio.gov or Phone: (330) 963-1237.
