

3745-500-210 Variances for solid waste facilities.

- (A) An application for a variance for a solid waste facility shall include the following:
- (1) The provision or provisions of the state law for which the variance is requested.
 - (2) Information regarding the reason and justification for the variance.
 - (3) Any other pertinent data regarding the application required by the director.
 - (4) A certification statement and signature in accordance with rule 3745-500-50 of the Administrative Code.
- (B) In accordance with division (S)(1) of section 3745.11 of the Revised Code, the nonrefundable fee shall be paid at the time the application for a variance is submitted. If the application for a variance is part of an application for a permit to install, the variance application fee shall be paid in addition to the permit to install application fee.
- (C) The director shall issue, renew, or deny an application for a variance or renewal of a variance for a solid waste facility not later than six months after the date upon which the director receives a complete application with all pertinent information and data required unless the application for a variance is part of an application for a permit to install. If an application for a variance is part of an application for a permit to install, the director shall issue, renew, or deny an application for a variance or renewal of a variance concurrent with a final or proposed action on the permit to install application.
- (D) When issuing a variance for a solid waste facility, the director shall act in accordance with Chapters 119., 3734., and 3745. of the Revised Code, as applicable.
