

**\*\*\* DRAFT – NOT FOR FILING \*\*\***

3745-500-310

Criteria for issuing a permit to install.

(A) In deciding whether to grant or deny a permit to install, the director shall evaluate whether the construction, operation, closure, and if applicable, post closure care of the facility is capable of fulfilling all appropriate regulatory requirements for protecting surface water, ground water, and air by soliciting the input and coordinating the issuance of the permit to install with all relevant divisions of Ohio EPA, as specified in the table below. The director may consult with other divisions or persons as the director deems appropriate.

-Projects to be reviewed by relevant divisions:-

<u>Project Type</u>	<u>Division of Surface Water</u>	<u>Division of Air Pollution Control</u>	<u>Division of Drinking and Ground Waters</u>
<u>Sanitary landfill</u> <u>- municipal solid waste</u> <u>- industrial solid waste</u> <u>- residual solid waste</u> <u>- scrap tire</u>	<u>X</u>	<u>X</u>	<u>X</u>
<u>Solid waste transfer facility</u>	<u>X</u>	<u>X</u>	
<u>Infectious waste treatment facility</u>	<u>X</u>	<u>X</u>	
<u>Class I composting facility</u>	<u>X</u>	<u>X</u>	<u>X</u>
<u>Solid waste incinerator</u>	<u>X</u>	<u>X</u>	
<u>Scrap tire class I storage and recovery facility</u>	<u>X</u>	<u>X</u>	
<u>Construction and demolition debris facility</u>	<u>X</u>	<u>X</u>	<u>X</u>

(B) In deciding whether to grant or deny a permit to install under Chapter 3734. of the Revised Code, the director may take into consideration the social and economic impact of the air contaminants, water pollutants, or other adverse environmental impacts that may be a consequence of issuance of the permit to install.
