

Solid Waste Management District Services for Businesses

Solid Waste Management Districts provide many services to businesses that are located in their jurisdiction. Please check with your SWMD to see if it provides one of the following services:

- **Conduct** waste assessments
- **Provide** a waste audit tool
- **Identify** financial resources through state, regional and local grants
- **Aid** in waste contracting or develop waste consortiums
- **Develop** recycling and education plans for your employees
- **Facilitate** memberships in waste exchanges
- **Co-sponsor** pollution prevention internships with universities
- **Provide** recognition/award programs
- **Technical Assistance**
