Re: Cherokee Run Landfill, Logan County
Authorization for Temporary Storage of Leachate

Dear Mr. Lewis:

On June 11, 2009, the Ohio Environmental Protection Agency (Ohio EPA), Division of Solid and Infectious Waste Management (DSIWM), Southwest District Office (SWDO) received a request, pursuant to Ohio Administrative Code (OAC) Rule 3745-27-19(K)(4), to temporarily store leachate within the limits of waste placement at the Cherokee Run Landfill (Facility), located in Logan County. As part of the vertical expansion of the landfill, leachate side slope risers must be relocated and valve vaults extended. This process is expected to take one week. During that week, the leachate removal system being modified will be taken out of operation. This portion of the improvements will affect sumps and vaults associated with Cells 3A, 6, and 10.

Based upon review of the request and associated information and pursuant to OAC Rule 3745-27-19(K)(4), I hereby authorize Cherokee Run Landfill, Inc. to temporarily store leachate within the limits of waste placement at the Facility. This authorization is subject to the following conditions:

CONDITIONS

1. This authorization to temporarily store leachate within the limits of waste placement shall expire seven (7) days after the effective date of this authorization.
2. This authorization is limited to Cells 3A, 6, and 10.
3. Nothing in this authorization shall be construed to authorize any waiver from the requirements

Ted Strickland, Governor
Lee Fisher, Lieutenant Governor
Chris Korleski, Director

of any applicable federal or state laws or regulations. This authorization shall not be interpreted to release the owner or operator from responsibility under Ohio Revised Code (ORC) Chapters 3704, 3714, 3734, or 6111; under the Federal Clean Water Act, the Resource Conservation and Recovery Act, or the Comprehensive Environmental Response, Compensation, and Liability Act; or from other applicable requirements for remedying conditions resulting from any release of contaminants to the environment.

4. Issuance of this authorization does not constitute expressed or implied agreement that the operation of the Facility in accordance with this authorization will constitute compliance with applicable state and federal laws, rules, and regulations, nor does issuance of this authorization ensure that necessary operating permits or licenses will be granted.

END OF CONDITIONS

You are hereby notified that this action of the Director of Ohio EPA (Director) is final and may be appealed to the Environmental Review Appeals Commission (Commission) pursuant to ORC Section 3745.04. The appeal must be in writing and set forth the actions complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:
