**RE: Mansfield Plumbing Products, LLC Closed Upper Landfill, Ashland County Compliance Monitoring Program Plan Approval**

Dear Mr. King,

On February 1, 2011, the Ohio Environmental Protection Agency (Ohio EPA), Northwest District Office (NWDO) received a revised request from Mansfield Plumbing Products, LLC (Owner) to implement a Compliance Monitoring Program Plan (Plan) at the Closed Upper Landfill (Facility) in accordance with OAC Rule 3745-30-08(E)(7).

The Facility is a closed Class I Residual Waste landfill and is currently in assessment monitoring for statistically significant increases in total dissolved solids (TDS), dissolved copper, and dissolved zinc at monitoring wells MW-3, MW-4, MW-6, and MW-7.

Ohio EPA reviewed the Plan dated November, 2010 and subsequent revision and determined that the proposed methods used to evaluate the above constituents, as described in the Plan, are reasonable and justified. Therefore, pursuant, to OAC Rule 3745-30-08(E)(7), I hereby approve the Plan for the Facility.

Should future or existing ground water sampling results indicate statistically significant increases above the trigger levels for those constituents established under OAC Rule 3745-30-08(E)(7) and the approved Plan, the Owner shall submit a corrective measures study to the director in accordance with OAC Rule 3745-30-08(F).

You are hereby notified that this action of the Director of Environmental Protection (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Ohio Revised Code Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00

made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission  
309 South Fourth Street, Room 222  
Columbus, OH 43215

If you have any questions concerning this authorization, please contact Tyler Madeker of Ohio EPA, NWDO at (419) 373-3078.

Sincerely,

Scott J. Nally  
Director
