Director's Final Findings and  
Orders

Respondent

PREAMBLE

Pursuant to Ohio Revised Code ("ORC") Sections 6111.03 and 3745.01, the Director of the Ohio Environmental Protection Agency ("Ohio EPA") hereby makes the following Findings and issues the following Orders:

PARTIES BOUND

These Orders shall apply to and be binding upon PCC Airfoils, Inc., hereinafter "Respondent," its assigns and successors in interest. No change in ownership of PCC Airfoils, Inc., will in any way alter Respondent's responsibilities under these Orders. Respondent's obligations under these Orders may be altered only by the written approval of the Director of Ohio EPA ("Director").

FINDINGS OF FACT

1. Respondent is the owner/operator of the PCC Airfoils, Inc., SMP Satellite Plant, located at 34300 Melinz Parkway, Eastlake, and the PCC Airfoils, Inc., Mentor Plant at 8607 Tyler Blvd., Mentor, both of which are in Lake County, Ohio.
2. Ohio Administrative Code ("OAC") Rule 3734-31-02 requires the Director's issuance of a permit to install ("PTI") prior to the installation of a new "disposal system," as defined in ORC Section 6111.01 (G).
3. ORC Section 6111.44 requires the Director's approval of plans for sewerage or treatment works for sewage disposal prior to the installation of such sewerage or treatment works for sewage disposal.
4. ORC Section 6111.07(A) prohibits any person from violating, or failing to perform, any duty imposed by ORC Sections 6111.01 to 6111.08, or violating any rule issued by the Director pursuant to those sections, including OAC Rule 3745-31-02.

I certify this to be a true and accurate copy of the official document as filed in the records of the Ohio Environmental Protection Agency.

5. On September 7, 1999, Ohio EPA's Northeast District Office received Respondent's PTI Application 02-13409 for the installation of a new wastewater pretreatment system at the Mentor Plant. On May 17, 2000, Ohio EPA issued to Respondent a PTI.
6. Respondent had completed installation of the new wastewater pretreatment system described in PTI Application 02-13409 in June 1997, more than two years prior to Respondent submitting its application for a permit to install.
7. On November 20, 2000, Ohio EPA's Northeast District Office received Respondent's PTI Application 02-14499 for the installation of a new wastewater pretreatment system at the SMP Satellite Plant. To date, Ohio EPA has not issued to Respondent a PTI for the installation of the system.
8. Respondent had completed installation of the new wastewater pretreatment system described in PTI application 02-14499 in October 2000, prior to Respondent submitting its application for a permit to install.
9. The new pretreatment systems in PTI Applications 02-13409 and 02-14499 are "disposal systems" as defined in ORC Section 6111.01(G).
10. Respondent installed new disposal systems at its SMP Satellite and Mentor Plants without plan approval and a PTI for each project in violation of ORC Sections 6111.07 and 6111.44, and OAC Rule 3745-31-02.
11. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with these Orders and to evidence relating to conditions calculated to result from compliance with these Orders, and its relation to the benefits to the people of the State to be derived from such compliance in accomplishing the purposes of ORC Chapter 6111.

### ORDERS

1. Respondent shall not install sewerage or treatment works for sewage disposal or new disposal systems, including, but not limited to, pretreatment systems, at any location in Ohio without first receiving prior approval from the Director as required by law.
2. Within thirty (30) days of the effective date of these Findings and Orders, Respondent shall submit to Ohio EPA's Northeast District Office, Division of Surface Water, revised detail plans for the new pretreatment system installed at the SMP Satellite Plant. Approval of the detail plans and issuance of the PTI will not constitute an assurance by Ohio EPA that the proposed facilities will operate in compliance with all Ohio laws and regulations. Additional facilities shall be

installed upon orders of Ohio EPA if the proposed sources are inadequate or cannot meet applicable pretreatment standards.

3. Respondent shall pay to the Ohio EPA the amount of seven thousand six hundred and twenty-eight dollars (\$7,628) in settlement of the Ohio EPA's claim for civil penalties, which may be assessed pursuant to Chapter 6111 of the Ohio Revised Code. This payment shall be made by tendering a check payable to the "Treasurer, State of Ohio" for the full amount within thirty (30) days after the effective date of these Findings and Orders to the following address:

#### **OTHER APPLICABLE LAWS**

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state, and federal laws and regulations. Nothing in these Orders shall be construed as waiving or compromising in any way the applicability and enforcement of any other statutes or regulations applicable to Respondent and its operations.

#### **RESERVATION OF RIGHTS**

These Orders do not prevent Ohio EPA from enforcing the terms of these Orders or from taking other administrative, legal or equitable action as deemed appropriate and necessary, including seeking penalties against Respondent for noncompliance with these Orders. These Orders do not prevent Ohio EPA from exercising its authority to require Respondent to perform additional activities pursuant to Chapter 6111 of the Ohio Revised Code or any other applicable law in the future. These Orders do not restrict the right of Respondent to raise any administrative, legal or equitable claim or defense for any additional activities that Ohio EPA may seek to require of Respondent. These Orders do not limit the authority of Ohio EPA to seek relief for violations not cited in these Orders.

### TERMINATION

The Respondent's obligations under these Orders shall be satisfied and terminated when the Respondent demonstrates in writing and certifies to the satisfaction of the Ohio EPA that it has satisfied all its obligations under these Orders and the Chief of Ohio EPA's Division of Surface Water acknowledges the termination of these orders in writing.

This certification shall be submitted by the Respondent to the Ohio EPA's Northeast District Office (attention: DSW Enforcement Group Leader) and shall be signed by a responsible official of the Respondent. A responsible official is as defined in OAC Rule 3745-33-03(D)(1) for a corporation, OAC Rule 3745-33-03(D)(2) for a partnership, OAC Rule 3745-33-03(D)(3) for a sole proprietorship, and OAC Rule 3745-33-03(D)(4) for a municipal, state, or other public facility. The certification shall contain the following attestation:

*"I certify under the penalty of law that I have personally examined and are familiar with the information contained in or accompanying this certification, and based on inquiry of those individuals immediately responsible for obtaining the information, I believe the information contained in or accompanying this certification is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine or imprisonment."*

**WAIVER**

In order to resolve disputed claims, without admission of fact, violation or liability, and in lieu of further enforcement action by Ohio EPA for only the violations specifically cited in these Orders, Respondent agrees to comply with these Orders, Respondent agrees that these Orders are lawful and reasonable, and Respondent agrees that the times provided for compliance herein are reasonable. Compliance with these Orders shall be a full accord and satisfaction of Respondent's liability for the violations specifically cited herein. Ohio EPA specifically does not waive its right to pursue actions and civil penalties as set forth in the Reservation of Rights paragraph of these Orders.

Respondent hereby waives the right to appeal the issuance, terms and service of these Orders, and it hereby waives any and all rights it might have to seek administrative or judicial review of these Orders either in law or equity.

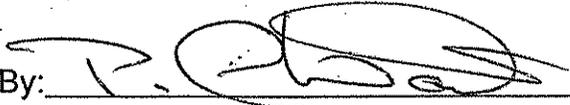

Notwithstanding the preceding, Ohio EPA and Respondent agree that in the event that these Orders are appealed by any other party to the Environmental Review Appeals Commission, or any court, Respondent retains the right to intervene and participate in such appeal. In such an event, Respondent agrees to continue to comply with these Orders notwithstanding such appeal and intervention unless these Orders are stayed, vacated, or modified.
