

2017 SCRAP TIRE GRANT

The Scrap Tire Grant program offers grant funds to Ohio businesses, communities and non-profit organizations that propose to create the infrastructure necessary for successful markets of scrap tire materials and related products. Potential projects may include processing of scrap tires, manufacturing finished products from related material or civil engineering or construction efforts.

ELIGIBILITY CRITERIA

Private sector businesses and non-profit organizations who are located and registered to conduct business in Ohio may seek scrap tire grant funding. However, businesses and non-profit organizations applying for funds must secure a public sponsor to serve as the grant applicant. Those eligible to serve as sponsors include an agency of the state, as established by the Ohio Revised Code (i.e. municipal corporation, county, township, village, state college or university and solid waste management district or authority). A state agency or department may also serve as a sponsor. A sponsor may submit multiple applications. In addition, local governments may apply and receive scrap tire funds for civil engineering or construction projects involving scrap tire or related materials.

FUNDING CRITERIA

These competitive grants will be awarded based on the following:

- Demonstration of positive economic and environmental impact regionally or statewide
- Assurances that the project will accomplish stated goals and is transferable
- Potential for evolution into a permanent service or program without future Agency funding
- Past grant performance (project implementation, expenditures and submission of reports)
- Consistency with the strategic goals of the local and state solid waste management plans
- Qualifies as an eligible project and includes one or more targeted materials
- Financial need of the applicant
- Availability of grant funds
- Submission of required forms and comprehensive responses to all applicable questions
- No outstanding financial or compliance issues

SCRAP TIRE PROJECTS

GRANT REQUEST (Up To)

- | | |
|---|------------|
| • Scrap Tire Manufacturing & Processing (over one million PTE) | \$ 350,000 |
| • Scrap Tire Manufacturing & Processing (up to one million PTE) | \$ 250,000 |
| • Scrap Tire Civil Engineering or Construction | \$ 250,000 |

SPECIAL CONDITIONS

Applicants must demonstrate that the applicant or sponsor entity will commit a minimum of **one hundred percent (100%)** matching funds, equal to the amount requested in grant funds. The match must be a cash contribution documented line of credit secured from an accredited lending institution, a loan from the banking industry or government agency which is dedicated to the project. The maximum grant period for the Scrap Tire program is 24 months. Applicants sponsoring businesses or non-profit organizations must enter into a contract with that entity to implement the grant-approved activity. Grant funding credit is required for all projects with an acknowledgement of the funding source.

PAYMENT SCHEDULE

Subject to cash availability, grantees will receive an advance grant payment, while the remaining grant balance will be held in reserve to reconcile the grant at closeout.
