

NPDES Storm Water Program

January 28, 2013

At the Federal Level...

- Proposed Revisions to Federal Storm Water Rules
 - Performance Standards for new and redevelopment sites;
 - Expansion of the MS4 program beyond UAs;
 - MS4 retrofitting requirements;
 - Single set of minimum measures requirements for regulated MS4s; and
 - Transportation facility specific requirements

***Proposed Rule Expected June 2013**

***Final Rule Expected December 2014**

Construction Storm Water

- Statewide CGP
- Big Darby Creek CGP
- Olentangy River CGP

Statewide CGP

- Draft renewal general permit public noticed for comment on January 11, 2013.
- Proposed changes:
 - Requirement to renew coverage every 5 years for projects which are not complete
 - Updates to address the required federal non-numeric effluent limitations
 - Disturbed areas that will be dormant for over 14 days (was 21 days) must be stabilized
 - Requiring use of surface dewatering device for sediment ponds during construction (i.e., skimmer)

Industrial Storm Water

- 5th generation renewed January 2012
- Mostly consistent with federal MSGP
- Clearer industry specific requirements
- Benchmark monitoring requirements
 - Data required to be submitted to Ohio EPA

MS4 Program

2010 Census

MS4 GP Renewal

MS4 Program

- MS4 Annual Reports
 - Enforcement
 - Frequent Issues Identified with Reviews
 - Group Programs – what’s happening where?
 - Inadequate/incomplete Table of Organization
 - Illicit discharge list & schedules for elimination
 - Construction site list
