

Public Involvement

By Amy Roskilly
Conservation Education Coordinator
Cuyahoga Soil and Water Conservation District

Stream Cleanups

- Soil and Water Conservation Districts organize in Spring and Summer.
- Citizens can organize their own stream cleanups or join one sponsored by SWCD's

Storm Drain Stenciling

- Most pollution affecting streams comes from non-point sources, such as storm drains.

DUMP NO WASTE
DRAINS TO STREAM

Conservation Poster Contest

- Annual poster contest
- Correlates with National Visual Arts Standards
- Kids involved in expressing views about natural resource issues.

Envirothon

- Competitive, outdoor team event for high school students.
- Forestry, Soils, Aquatics, Current Environmental Issues, and Wildlife

Stream Monitoring

- Citizens can literally jump into streams to scrutinize health of local waterways!
- Gauge biological health in the streams

Other options

- Workshops
- Streamside tree planting
- Photo contest
- Essay contest
- Rain Gardens
- Rain Barrels
