## **2011 Ohio EPA Sewer and Water Rate Survey**

### **Introduction**

The Sewer and Water Rate Survey's central purpose is to collect and publish Ohio residential sewer and water rates. Year 2011 rates were collected from the twenty-seventh annual Sewer and Water Rate Survey, conducted by the Ohio Environmental Protection Agency. Ohio EPA sent survey questionnaires to 784 municipalities and districts and received 602 responses (77%).

The 2011 Sewer and Water Rate Survey also gathered information regarding the following:

- Sewer Tap-in Fees
- Water Tap-in Fees

Historic survey data and sewer and water rates for over 500 cities, villages and districts during the 1984-2011 periods are available on online at Ohio EPA's Office of Fiscal Administration web page located at <http://www.epa.state.oh.us/ofa/>.

Contact [economic.analysis@epa.state.oh.us](mailto:economic.analysis@epa.state.oh.us) to receive a copy of the survey by e-mail. Or call Ohio EPA, Office of Fiscal Administration, Economic Analysis Unit at 614-644-3760 to receive a hard copy or request additional information.

## **Sewer and Water Rate Calculations**

Sewer and water charges usually depend on consumption measured in gallons or cubic feet, and are billed monthly, bimonthly or quarterly. In order to standardize sewer and water rates across Ohio and to allow for comparisons among systems, the 2011 Sewer and Water Rate Survey presents rates calculated for an assumed level of consumption.

Annual rates were calculated for residential customers within municipal limits, assuming that a household consists of three (3) people individually consuming 85 gallons of water each day. Community annual sewer and water rate calculations assumed one of the following as the average water consumption per household:

- 7,756 gallons per month (1,037 cubic feet per month)
- 15,512 gallons bi-monthly (2,074 cubic feet bi-monthly)
- 23,268 gallons per quarter (3,111 cubic feet per quarter)

The rates in Appendices 2 and 3 include charges levied for direct use of sewer and water systems. Charges unrelated to sewer and water use, such as income and property taxes, have not been included in rate calculations. Information about other revenue sources has been noted in the appendices, when available.

Privately owned sewer and water systems may be funded differently than some public systems. As a result, the sewer and water rates charged by privately owned companies may be higher than some public systems.

Actual sewer and water charges for individual households will be higher (or lower) than those listed in Appendices 2 and 3 for those households with average, metered water use more (or less) than 7,756 gallons per month.

**2011 Ohio EPA Sewer and Water Rate Survey**

**Sewer Rates**

The 2011 average annual residential sewer rate in Ohio was \$557, a 3.9% increase over 2009. Half of all sewer systems charged rates lower than \$525 per year. Table 1 shows annual sewer rate averages for 1985 through 2011, along with the percentage change in average rates and the consumer price index (CPI-U: Midwest urban prices for all items). Figure 1 displays average annual sewer rate data and a trend line adjusting the base year (1984) average sewer rate for inflation. Figure 2 displays the range of sewer rates charged by communities in 2011.

**Table 1: Annual Residential Sewer Rate and CPI Change 1985-2011**

Year	Average Rate	Percentage Increase	
		Rate	CPI
1985	\$154	6.9%	3.1%
1986	\$163	5.8%	1.1%
1987	\$180	10.4%	3.6%

**2011 Ohio EPA Sewer and Water Rate Survey**

**Water Rates**

The 2011 average annual residential water rate in Ohio was \$529, a 5.2% increase over 2010. Half of all water systems charged rates lower than \$499. Table 2 displays annual water rate data for 1985 through 2011, along with the percentage change in average rates and the consumer price index (CPI-U: Midwest urban prices for all items). Figure 3 displays average annual water rate data and a trend line adjusting the base year (1985) average water rate for inflation. Figure 4 displays the range of water rates charged by communities in 2011.

2011 Ohio EPA Sewer and Water Rate Survey

**Sewer and Water Rate Increases**

Of 457 sewer systems, 237, or approximately 52%, reported a rate increase during 2011. Three sewer systems reported a rate decrease in 2011.

Of 484 water systems, 226, or approximately 47%, reported a rate increase during 2011.

Standard Deviation	238.05
Minimum	24
Maximum	1370
25 <sup>th</sup> Percentile	369
75 <sup>th</sup> Percentile	656

**Tap-in Fees**

Appendix 4 contains the sewer and water tap-in fees submitted by respondents for residential customers inside and outside municipal limits. The fees are generally presented as they were reported on the questionnaires, without correction or interpretation. As a result, they may not be comparable across communities.

For example, some of the reported tap-in fees included labor and installation charges. Whereas other reported tap-in fees included only an administrative fee with the customer being held responsible for hiring their own private contractor to install the lines and taps. Finally, in other cases, tap-in fees were used as a source of revenue for debt repayment, or as a mechanism for new customers to pay towards the capital costs of the existing system.

Residential billing period: Monthly, Bi-Monthly, Quarterly

1. Did an **increase** in sewer rates become **effective** in your community during **2011**?  
SEWER INCREASE: No \_\_\_\_\_ Yes \_\_\_\_\_

Our records show a 2010 annual residential sewer rate of \$XXX. *(Please send new sewer rates.)*

2. Did an **increase** in water rates become **effective** in your community during **2011**?  
WATER INCREASE: No \_\_\_\_\_ Yes \_\_\_\_\_

Our records show a 2010 annual residential water rate of \$XXX. *(Please send new water rates.)*

3. What are the current **tap-in** fees for **residential** customers?

	SEWER	WATER
Inside the corporation limit	\$ _____	\$ _____
Outside the corporation limit	\$ _____	\$ _____

4. Draft results of the survey, when completed, will be posted on Ohio EPA's website for 30 days to allow communities to review and comment on the data prior to the issuing the final version of the survey.
