

We Recycle

Procedure:

1. Place blue recycling Slim Jim containers behind the bar or in another convenient area for initial collection of glass bottles.
 - a. Bottles should be empty, but do not need to be rinsed. Although the focus of this recycling program is on glass, you may also place cans and other recyclable materials into the cart if you have excess capacity.
2. Transfer materials from the Slim Jim container into the black recycling cart.
3. Set the black recycling cart(s) out for collection at close of business on Sunday, Tuesday and Thursday. Black recycling carts should be placed along the curb on High Street next to the closet public recycling container. Rumpke trucks will empty the recycling carts the following morning around 6:00am (Monday, Wednesday and Friday). If a holiday falls on a Monday, Wednesday or Friday, the collection will occur one day later for the remainder of the week and then return to the regular schedule the following week. A calendar has been attached for your reference.
4. Short North Businesses only: Lock the recycling cart lid shut to prevent theft and litter.
5. Bring the recycling cart(s) back inside your place of business as soon as possible after collection.
6. Repeat!

Thank you for your participation

Feedback from your experience is important in shaping a lasting recycling solution for the unique challenges restaurants face in urban settings. Please direct questions, comments and feedback to the Mayor's Office of Environmental Stewardship at 614-645-7673.

THE CITY OF
COLUMBUS
MICHAEL B. COLEMAN, MAYOR

Recycle

When space allows, also recycle:

Aluminum and steel cans – and lids

Plastic bottles/jugs
• No tubs

Cartons and juice boxes

Newspaper, magazines, catalogs, junk mail, computer paper, cereal and other dry food boxes and phone books

Not accepted:

Styrofoam, plastic bags, food waste and food contaminated wrappers/containers, paper napkins/towels and non-bottle shaped plastics including tableware, yogurt containers, butter tubs, etc.
