Five-Year Rule Review of Ohio Administrative Code (OAC) Chapter 3745-15
“General Provision on Air Pollution Control”

Please note that the Ohio Environmental Protection Agency, Division of Air Pollution Control (DAPC) has performed a review of the above referenced rules primarily to satisfy the requirements of Section 119.032 of the Ohio Revised Code (five-year review). The DAPC finds the following rules to be necessary and with need for changes.

DAPC has prepared draft amendments to the rules in this chapter. Changes are being made in response to comments received during Ohio EPA's early stakeholder outreach comment period, and interested parties draft comment period. DAPC is also making minor fixes to update LSC formatting and agency consistency issues. A synopsis of specific changes can be obtained at the website address cited below.

Pursuant to Section 121.39 of the Ohio Revised Code, DAPC was required to consult with interested parties affected by the rules before the Division formally adopts them. On October 23, 2014, these rules went out for a 30-day review to the interested parties. One set of comments was received and Ohio EPA made the suggested changes, which did not affect the scope or intent of the rule. Ohio EPA's response to the comments document is available at the following web site:

All oral comments presented at the hearing, and all written statements submitted at the hearing or by the close of business on June 12, 2015, will be considered by Ohio EPA prior to final action on this rule. Written statements submitted after June 12, 2015 may be considered as time and circumstances permit, but will not be part of the official record of the hearing.
