Notice is hereby given that the Ohio Environmental Protection Agency, Division of Air Pollution Control (DAPC) is proposing amendments to Ohio Administrative Code (OAC) rule 3745-77-01, "Definitions." The amendments are being proposed to align with federal changes to definitions in 40 CFR Part 70 published in the federal register on June 3, 2010 as part of the "Prevention of Significant Deterioration and Title V Greenhouse Gas Tailoring Rule; Final Rule."

DAPC is also amending OAC Chapter 3745-31 "Permits to Install New Sources and Permit-to-Install and Operate Program" to address new source review changes in response to the "Prevention of Significant Deterioration and Title V Greenhouse Gas Tailoring Rule; Final Rule" federal register notice as published on June 3, 2010 (75 FR 31514).

As part of the rule-making process, DAPC is required by Section 121.39 of the Ohio Revised Code to consult with organizations that represent political subdivisions, environmental interests, business interests, and others affected by the rules. The DAPC is offering your organization the opportunity to comment on these rules before the division formally proposes them.

Copies of the draft amended rules are available in electronic format on Ohio EPA's website at: <http://epa.ohio.gov/dapc/regs/regs.aspx>. We request that you provide us with any comments you may have to the changes that have been recommended by **Friday, August 13, 2010**.

Please e-mail or mail your comments or suggestions to the following addresses. Please include "Prevention of Significant Deterioration and Title V Greenhouse Gas Tailoring Rule; Final Rule" comments in the subject line. Persons submitting comments electronically are encouraged to follow-up with a hard copy via regular mail:
