

3745-31-06      **Termination.**

- (A) A permit-to-install shall terminate within eighteen months of the effective date of the permit-to-install if the owner or operator has not undertaken a continuing program of installation or modification or has not entered into a binding contractual obligation to undertake and complete within a reasonable time a continuing program of installation or modification.
  
- (B) The director may modify a permit-to-install to extend these dates of expiration by up to twelve months if the applicant submits, within a reasonable time before the termination date, an application for modification, containing information that, in the judgment of the director, adequately justifies an extension of time. No appeal taken from denial of extension of an expiration date shall prevent termination of a permit during the period between denial of extension and final disposition of the appeal unless prohibited by any court or administrative body having jurisdiction over the matter.
