United States Environmental Protection Agency
Region V

Dear Ms. Damico:

The proposed issuance of the Title V permit for the facility listed below was created in Ohio EPA's State Air Resources System (STARS). The applicant has applied for multiple Title V permits at a single facility pursuant to OAC rule 3745-77-03(B). The DAPC is retracting the proposed permit identified below due to an administrative error in proposing the wrong permit action. The correct proposed permit will be issued in the near future. All references made to the following proposed permit action will be removed from the DAPC web pages and a note will be made in the facility file:

0243110099 STD OF AVERY DENNISON (TVP009) issued proposed in error on 02/28/2002

Please contact Mike Ahern, DAPC Permit Management Unit supervisor of your written concurrence regarding this request.

Very truly yours,
