3. ORC § 6109.31 states "[n]o person shall violate this chapter, any rule adopted under it, or any order or term or condition of a license, license renewal, variance, or exemption granted by the director of environmental protection under it. Each day of noncompliance is a separate violation."

The Director may order the owner or operator of such system to notify its users, or potential users, of the water use advisory by newspaper or other means and to provide notification to radio and television stations.
