List of Active Operators and Valid Certificates

The following is a list of certified water and wastewater operators who Ohio EPA has listed as having an active certificate. The list is current as of the date indicated. THIS LIST IS NOT THE OFFICIAL LIST OF OPERATORS IN OHIO WITH A VALID CERTIFICATE. To determine if an operator has a valid certificate you must contact the Operator Certification Unit at 614-644-2752. Operators are listed by the county in which they reside with the counties in alphabetical order. Those operators with no county of residence listed in our database appear at the beginning of the list. Operators with no county of residence are listed by their city of residence with the cities in alphabetical order.

To search the list in the Excel format use the usual Excel search tools on the toolbar included under "Edit" and "Data".

The list in the Excel format is easier to search and manipulate.
