21. Performing Defendant or Ohio EPA may change their Site Coordinator or alternate by notifying the other Party at least five (5) days prior to the change, unless impractical, but in no event later than the actual day the change is made.

22. Without limiting any authority conferred by law on Ohio EPA, the authority of the Ohio EPA Site Coordinator includes, but is not limited to:

Copies of all access agreements obtained by Performing Defendant shall be provided promptly to Ohio EPA. If any access required to effectuate this Consent Decree is not obtained within thirty (30) days of the Effective Date of this Consent Decree, or within thirty (30) days of the date Ohio EPA notifies Performing Defendant in writing that additional access beyond that previously secured is necessary, Performing Defendant shall promptly notify Ohio EPA in writing of the steps Performing Defendant have taken to attempt to obtain access. Ohio EPA may, as it deems appropriate, assist Performing Defendant in obtaining access.

28. Nothing in this Consent Decree shall be construed to limit the statutory authority of the Director or his authorized representatives to enter at reasonable times upon any private or public property, real or personal, to inspect or investigate, obtain samples and examine or copy any records to determine compliance with R.C. Chapters 3734 and/or 6111.

XV. REVIEW OF SUBMITTALS

30. This Section applies to all documents Performing Defendant is required to submit to Ohio EPA for review and approval in accordance with the requirements of this Consent Decree.

31. All RI/FS documents submitted to Ohio EPA shall be developed in accordance with the attached Guidance Documents and RI/FS SOW (Attachments A and B). Every document that Performing Defendant is required to submit to Ohio EPA under this Consent Decree is subject to the review and approval of Ohio EPA in accordance with this Consent Decree and applicable state and federal laws. Upon review, Ohio EPA may at its sole discretion (1) approve the submission in whole or in part; (2) approve the submission upon specified conditions or modifications; (3) modify the

submission; (4) disapprove the submission in whole or in part; (5) notify Performing Defendant of deficiencies; or (6) any combination of the above.

37. This Section shall only be applicable to the following portions of this Consent Decree: Section VIII, Remedial Investigation and Feasibility Study; Section IX, Additional Work; Section XV, Review of Submittals; and Section XX, Payments and Reimbursement of Costs, to the extent that the dispute concerns the accuracy of the State's request for reimbursement and/or whether the costs are related to Work beyond the objectives of this Consent Decree as set forth in Section I, Statement of Purpose. Site Coordinator. This fifteen (15) day period may be extended by mutual agreement of the Parties, up to an additional seven (7) days.

39. In the event that the Site Coordinators and/or the alternate Site Coordinators are unable to reach consensus on the dispute, then each Site Coordinator and/or the alternate Site Coordinator shall reduce his or her position to writing within thirty (30) days of the end of the good faith negotiations referenced in Paragraph 38. Those written positions shall be immediately exchanged by the Site Coordinators. Following the exchange of written positions, the Parties shall have an additional fourteen (14) days to resolve their dispute. If Ohio EPA concurs with the position of the Performing Defendant, then the work plan, report or other item required to be submitted pursuant to this Consent Decree shall be modified as provided for by Ohio EPA. If necessary, either Party may petition this Court for modification of the Consent Decree to include any required extensions of time or variances of required Work.

40. If Ohio EPA does not concur with the position of the Performing Defendant, the Ohio EPA Site Coordinator will notify the Performing Defendant in writing. Upon receipt of such written notice, the Parties shall have fourteen (14) days to forward a request for resolution of the dispute, along with a written statement of the dispute, to an Ohio EPA, Division of Environmental Response and Revitalization ("DERR") Manager. The statement of dispute shall be limited to a concise presentation of the Parties' position on the dispute. The DERR Manager, or his/her designee, will resolve the dispute based upon and consistent with this Consent Decree; state law, including R.C. Chapters 3734 and 6111, and the regulations promulgated there under; the NCP; and other appropriate state and federal laws.

41. If Performing Defendant and Ohio EPA do not agree on a resolution of the dispute within fourteen (14) days of the decision reached by the DERR Manager, either Party may petition this Court to resolve the dispute under this Consent Decree. In this Court proceeding, Performing Defendant shall have the burden of demonstrating by a preponderance of the evidence that the decision by Ohio EPA is unlawful and/or unreasonable.

42. The pendency of dispute resolution set forth in this Section shall not affect the time period for completion of the Work to be performed under this Consent Decree, except that upon written mutual agreement of the Parties, any time may be extended as appropriate under the circumstances. Elements of Work not affected by the dispute will be completed in accordance with the schedules contained in the RI/FS Work Plan and other deliverables.

43. Within thirty (30) days of resolution of a dispute regarding disapproval or inadequacy of a submittal or the need for additional Work, Performing Defendant shall incorporate the resolution and final determination into the work plan, report, or other item required to be submitted under this Consent Decree and proceed to implement this Consent Decree according to the amended work plan, report, or other item required to be submitted under this Consent Decree.

44. In the event that a disagreement exists about the accuracy of the State's request for reimbursement of Future Ohio Response Costs, then within sixty (60) days from receipt of the invoice for payment of Future Ohio Response Costs, a Defendant shall submit to an Ohio EPA, Division of Environmental Response and Revitalization ("DERR") Manager a concise written presentation of the Defendant's position on the dispute. The DERR Manager, or his/her designee, will resolve the dispute based upon and consistent with this Consent Decree; state law, including

R.C. Chapters 3734 and 6111, and the regulations promulgated thereunder; the NCP; and other appropriate state and federal laws.

45. If Defendants and Ohio EPA do not agree on a resolution of the Future Ohio Response Costs dispute within fourteen (14) days of the decision reached by the DERR Manager, any Party may file a motion in this Court to resolve the dispute under this Consent Decree. In this Court proceeding, Defendants shall have the burden of demonstrating by a preponderance of the evidence that the decision by Ohio EPA is unlawful and/or unreasonable.

46. Within sixty (60) days of resolution of a dispute regarding any inaccurate statement issued for reimbursement of Future Ohio Response Costs, Ohio EPA will make any necessary corrections to the statement and submit to Defendants a corrected statement. Performing Defendant shall pay its 50% share of the corrected amount within thirty (30) days of receipt of the corrected amount. The United States shall pay its 50% share of the corrected amount as soon as reasonably practicable after receipt of the corrected statement.

47. Unless otherwise expressly provided for in this Consent Decree, the dispute resolution procedures of this Section shall be the exclusive mechanism to resolve disputes arising under or with respect to those matters set forth in Paragraph 37 of this Consent Decree.

XVII. ACCESS TO INFORMATION

48. Performing Defendant shall provide to Ohio EPA, upon request, copies of all non-privileged documents and information within its possession or control or within possession or control of its contractors or agents relating to events or conditions at the Site including, but not limited to manifests, reports, correspondence, or other documents or information related to the Work.

49. Performing Defendant may assert a claim that documents or other information submitted to Ohio EPA pursuant to this Consent Decree are confidential under the provisions of Ohio Adm. Code 3745-50-30(A) or R.C. 6111.05(A). If no such claim of confidentiality accompanies the documents or other information when it is submitted to Ohio EPA, it may be made available to the public without notice to Performing Defendant.

50. Performing Defendant may assert that certain documents or other information are privileged under the attorney-client or any other privilege recognized by applicable law. If Performing Defendant asserts that certain documents or information are privileged or confidential under applicable law it shall provide Ohio EPA with the confidentiality being asserted and the basis for the assertion.

51. No claim of confidentiality or privilege, including but not limited to, claims made pursuant to R.C. 3745.70 through 3745.73, shall be made with regard to any data gathered pursuant to this Consent Decree, including but not limited to, all sampling, analytical, monitoring, or laboratory reports.

52. Performing Defendant shall preserve for the duration of this Consent Decree and for a minimum of ten (10) years after its termination, all documents and other information within its possession or control, or within the possession or control of its contractors or agents, which in any way relate to the Work notwithstanding any document retention policy to the contrary. Performing Defendant may preserve such documents by microfiche, compact disc, or other electronic or photographic device. Performing Defendant shall notify Ohio EPA at least sixty (60) days prior to

the destruction of these documents or other information; and upon request, shall deliver such documents and other information to Ohio EPA.

XVIII. INDEMNITY

53. Performing Defendant agrees to indemnify, save, and hold harmless, but not defend, the State from any and all claims or causes of action arising from, or related to, events or conditions at the Site, except where the claims or causes of action result from negligent, reckless or intentionally tortious conduct by the State occurring outside of the State's exercise of its discretionary functions. Discretionary functions of the State include, but are not limited to, the State's review, approval, or disapproval of Work performed pursuant to the Consent Decree. The State agrees to provide notice to Defendants within thirty (30) days of receipt of any claim that may be the subject of indemnity as provided in this Section, and to cooperate with Performing Defendants in the defense of any such claim or action against the State. The State shall not be considered a Party to and shall not be held liable under any contract entered into by Performing Defendant in carrying out the activities pursuant to this Consent Decree.

XIX. UNAVOIDABLE DELAYS

54. If any event occurs that causes or may cause a delay of any Work requirements of this Consent Decree, Performing Defendant shall notify the Ohio EPA Site Coordinator in writing within ten (10) calendar days of the event, describing in detail the anticipated length of the delay, the precise cause or causes of the delay, the measures taken and to be taken to prevent or minimize the delay and the timetable by which measures will be implemented. Performing Defendant will adopt all reasonable measures to avoid or minimize any such delay.

55. With the provision that the notification in Paragraph 54, above, does not necessarily terminate or delay any Work requirement in this Consent Decree, in any action by the State to enforce any of the provisions of this Consent Decree, Performing Defendant may raise that it is entitled to a defense and that its conduct was caused by reasons entirely beyond its control such as, by way of example and not limitation, acts of God, strikes, acts of war, civil disturbances, or vandalism. While the State does not agree that such a defense exists, it is, however, hereby agreed upon by Performing Defendant and the State that it is premature at this time to raise and adjudicate the existence of such a defense and that the appropriate point at which to adjudicate the existence of such a defense is at the time that a proceeding to enforce this Consent Decree, if any, is commenced by the State. At that time, Performing Defendant will bear the burden of proving that any delay was or will be caused by circumstances entirely beyond the control of the Performing Defendant. Unanticipated or increased costs associated with the implementation of any Work requirement required by this Consent Decree, shall not serve as a basis for an extension of time under this Consent Decree. Any extension of a date based on a particular incident does not mean that Performing Defendant shall receive an extension of a subsequent date or dates. Performing Defendant must make an individual showing of proof for each incremental step or other requirement for which an extension is sought.

**XX. PAYMENTS AND REIMBURSEMENT OF COSTS BY OTTERBEIN
UNIVERSITY**

56. No later than one hundred twenty (120) days after the Effective Date of this Consent Decree, Performing Defendant shall pay to Ohio EPA \$36,459.03 in settlement of its share of all unpaid Past Ohio Response Costs incurred by Ohio EPA through December 31, 2010. Payment shall be paid in the form of a certified check made payable to "Treasurer, State of Ohio" and forwarded to Martha Sexton, or her successor, Environmental Enforcement Section, 30 East Broad St., 25th Floor, Columbus, OH 43215. Performing Defendant shall send a copy of the transmittal letter and a copy of the check to the Ohio EPA Kilgore Manufacturing Site Coordinator, and the Assistant Attorney General representing the State in this case.

57. Performing Defendant shall reimburse Ohio EPA for 50% of the Future Ohio Response Costs. Ohio EPA will submit an itemized statement of its Future Ohio Response Costs to Performing Defendant on an annual basis. Performing Defendant shall pay its 50% share of Future Ohio Response Costs for the previous year within one hundred and twenty (120) days of receipt of such itemized statement at the address set forth on the statement.

58. No later than one hundred twenty (120) days after the Effective Date of this Consent Decree, Performing Defendant shall pay to the Ohio Attorney General \$500.00 in settlement of its share of all unpaid Ohio Response Costs incurred by the Ohio Attorney General through the Effective Date of this Consent Decree. Payment shall be by electronic funds transfer according to the payment instructions provided by the Ohio Attorney General's Office. Performing Defendant

shall send a copy of the transmittal letter to the Assistant Attorney General representing the State in this case.

59. Pursuant to R.C. 131.02(D), interest shall accrue on all Ohio Response Costs from the date that they become past due, at the rate per annum required by R.C. 5703.47, until payment is remitted. Performing Defendant shall remit payment for any such interest due to Ohio EPA by a certified check made payable to "Treasurer, State of Ohio," at the address set forth in Paragraph 56 or on the itemized statement. Payment of interest on past due Ohio Attorney General's costs shall be by electronic funds transfer according to the payment instructions provided by the Ohio Attorney General's Office.

XXI. PAYMENTS AND REIMBURSEMENT OF COSTS BY THE UNITED STATES

60. As soon as reasonably practicable after the Effective Date of this Consent Decree, the United States, on behalf of the United States Department of Defense, shall pay Performing Defendant \$427,061.38 by electronic funds transfer pursuant to instructions to be provided by Performing Defendant. This payment shall be used to fund, in part, performance of the Work required by this Consent Decree, including but not limited to, the RI/FS. Additionally, this payment satisfies claims for recovery or reimbursement of, or contribution to, Otterbein Response Costs previously incurred at the Facility. In the event the payment required under this Paragraph is not made within 90 days of the Effective Date, interest on the unpaid balance shall be paid at the rate established pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), with the interest accrual commencing on the ninety-first day after the Effective Date.

61. As soon as reasonably practicable after the Effective Date of this Consent Decree, the United States shall pay \$36,459.03 in settlement of its share of all Past Ohio Response Costs incurred by Ohio EPA through December 31, 2010. Payment shall be paid by electronic funds transfer according to the payment instructions provided by Ohio EPA. The United States shall send a copy of the transmittal letter to the DERR Fiscal Officer, the Ohio EPA Kilgore Manufacturing Site Coordinator, and the Assistant Attorney General representing the State in this case.

62. The United States shall reimburse Ohio EPA for 50% of the Future Ohio Response Costs. Ohio EPA will submit an itemized statement of its Future Ohio Response Costs to Defendants on an annual basis. The United States shall pay its 50% share of Future Ohio Response Costs for the previous year as soon as reasonably practicable after the receipt of such itemized statement at the address set forth on the itemized statement.

63. As soon as reasonably practicable after the Effective Date of this Consent Decree, the United States shall pay to the Ohio Attorney General \$500.00 in settlement of its share of all Ohio Response Costs incurred by the Ohio Attorney General through the Effective Date of this Consent Decree. Payment shall be paid by electronic funds transfer according to the payment instructions provided by the Ohio Attorney General's Office. The United States shall send a copy of the transmittal letter to the Assistant Attorney General representing the State in this case.

64. In the event that any payment required to be made by United States under this Consent Decree is not made within 120 days of the Effective Date or after receipt of an itemized statement, interest on the unpaid balance shall be paid at the rate established pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), with interest accrual commencing on the ninety-first day

after the Effective Date or after the receipt date of the itemized statement. The United States shall remit payment for any such interest due to Ohio EPA/and or the Ohio Attorney General by electronic funds transfer according to the payment instructions provided by the State.

65. The State and the United States agree that in any judicial proceeding to enforce the terms of this Consent Decree and/or to find the United States in contempt for failure to comply or delay in compliance with such terms, the United States may raise as a defense that such failure or delay was caused by circumstances beyond its control or that such failure or delay was caused by the unavailability of appropriated funds. While the State disagrees that such defenses exist, the State and the United States agree and stipulate that it is premature at this time to raise and adjudicate the existence of such defenses.

XXII. COVENANTS NOT TO SUE AND RESERVATION OF RIGHTS

66. In consideration of the actions that will be performed by the Performing Defendant and the payments to be made by the United States under the terms of this Consent Decree, and except as otherwise specifically provided in this Consent Decree, the State covenants not to sue or to take administrative action against Otterbein University and the United States pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), R.C. Chapters 3734, 3745 and 6111 or other applicable State laws including common law, for the Work required by this Consent Decree and for Past Ohio Response Costs and Future Ohio Response Costs through the completion of the Work required by this Consent Decree. These covenants are conditioned upon the complete and satisfactory performance by the Defendants of their respective obligations under this Consent Decree, including, but not limited to, completion of the Work and payment of Ohio's Response Costs. These covenants extend only to the

Defendants and do not extend to any other person.

67. This Consent Decree shall not be construed to limit the authority of the State to seek relief for claims, conditions, or response actions not addressed by this Consent Decree, including without limitation injunctive relief, civil penalties, and cost recovery. Nothing in this Consent Decree is intended as a release or covenant not to sue for any claim or cause of action, administrative or judicial, civil or criminal, past or future, in law or in equity, which the State may have against any person, firm corporation or other entity not a Party to this Consent Decree.

68. Nothing in this Consent Decree shall be construed to limit the authority of the State to undertake any action against any entity, including either or both Defendants, to eliminate or mitigate conditions that may present an imminent threat to the public health, welfare or environment and to seek cost reimbursement for any such action. Nothing in this Consent Decree shall be construed to limit the authority of the State to seek relief for claims for damage to natural resources.

69. Nothing in this Consent Decree shall relieve Defendants of any obligation to comply with R.C. 3734 and 6111 including, without limitation, any regulation, license or order issued under these Chapters, and any other applicable federal, state or local statutes, regulations, or ordinances, including but not limited to permit requirements.

70. The State reserves the right to seek legal and/or equitable relief to enforce the requirements of this Consent Decree, including penalties against Defendants for noncompliance with this Consent Decree.

71. The State reserves the right to perform all or any portion of the Work or take any other measures it deems necessary to protect public health and the environment, including recovery

of all Ohio Response Costs, in the event that the requirements of this Consent Decree are not wholly complied with within the time frames required by this Consent Decree.

72. Upon the payments of Response Costs by the United States as required by this Consent Decree, the Performing Defendant hereby forever releases, discharges, and covenants and agrees not assert (by way of the commencement of an action, the joinder of the United States in an existing action, or in any other fashion) any and all claims, causes of action, suits or demands of any kind whatsoever in law or in equity which it may have had, or hereafter have, including, but not limited to, claims under CERCLA sections 107 and 113, against the United States for the (1) Work required under this Consent Decree; (2) Ohio's Response Costs; (3) any past response costs incurred by Otterbein as alleged in its Complaint; and (4) any response costs incurred by Otterbein through completion of the Work required under this Consent Decree. Notwithstanding the foregoing specific discharge and release, the Performing Defendant reserves the right to seek contribution from the United States for all response costs the Performing Defendant may incur as a result of any removal or remediation actions, other than the Work, that may subsequently be required by the State including any removal or remediation action response costs incurred by the Performing Defendant associated with unexploded ordnance at the Site.

73. By entering into this Consent Decree, Defendants do not waive any defenses that they may have in any future action identified in this Section, nor do Defendants waive any claim or defenses against any others not a Party to this action. However, in any subsequent administrative or judicial proceeding initiated by the State for injunctive relief, recovery of response costs, damages, or other relief relating to the Site, Defendants shall not assert, and may not maintain any defense or

claim based upon statute of limitations or the principles of waiver, laches, res judicata, collateral estoppel, issue preclusion, claim splitting or other defenses based upon the contention that the claims brought by the State in a subsequent action were or should have been brought in the instant action.

74. In any subsequent administrative or judicial proceeding initiated by the Performing Defendant for injunctive relief, recovery of response costs, damages, or other relief relating to the Facility, the United States shall not assert, and may not maintain any defense or claim based upon statute of limitations or the principles of waiver, laches, res judicata, collateral estoppel, issue preclusion, claim splitting or other defenses based upon the contention that the claims brought by the Performing Defendant in a subsequent action were or should have been brought in the instant action.

75. The United States specifically reserves its right to assert any claims or actions regarding the Site brought on behalf of the United States Environmental Protection Agency, any lead agency under the NCP, or a natural resource trustee.

XXIII. EFFECT OF SETTLEMENT; CONTRIBUTION PROTECTION

76. The Parties agree, and by entering this Consent Decree this Court finds, that this settlement constitutes a judicially approved settlement for purposes of Section 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2), and that the Performing Defendant and the United States are entitled, as of the Effective Date, to protection from actions or claims as provided by CERCLA Section 113(f)(2), 42 U.S.C. § 9613(f)(2), or as may be otherwise provided by law, for matters addressed in this Consent Decree. Matters addressed means the Work, Ohio's Response Costs, and Otterbein's Response Costs.

77. Payments made and Work performed under this Consent Decree, are not intended to

establish a final allocation of responsibility for Ohio Response Costs or Otterbein's Response Costs between or among the Defendants.

XXIV. OTHER CLAIMS

78. Nothing in this Consent Decree shall constitute or be construed as a release from any claim, cause of action, or demand in law or equity against any person, firm, partnership, or corporation, not subject to this Consent Decree for any liability arising from, or related to, events or conditions at the Site, and Defendants have not purported to or held themselves out as representing another person, firm, partnership, or corporation. Defendants expressly deny that they are the agent for or those they represent or otherwise have the authority to represent or serve the interests of another person, firm, partnership, or corporation.

79. Performing Defendant certifies, based on knowledge and belief and subject to the penalties of the False Claims Act, 31 U.S.C. § 3729, *et seq.*, and other applicable law, that as of the Effective Date, it has not been reimbursed by any entity or Party for the response costs for which it will receive reimbursement or payment under this Consent Decree. Performing Defendant shall not seek or accept any reimbursement or payment from any other entity or Party for the portions of Performing Defendant's response costs that the United States pays or reimburses to Performing Defendant pursuant to this Consent Decree.

XXV. TERMINATION

80. This Consent Decree shall terminate upon joint motion of the Parties, and approval of the Court, following completion of all activities required under this Consent Decree. This Section, and the Sections of this Consent Decree on Covenants not to Sue and Reservation of Rights, No

Admission, Deed Notice/Land Use and Conveyance of Title, and Access to Information, shall survive this Termination Provision.

XXVI. MODIFICATION

81. Except as otherwise allowed by law or otherwise specifically permitted by the Consent Decree, non-substantive modifications, for example address changes, of this Consent Decree shall be by written approval by the Parties and notice of such modification(s) to the Court. Substantive modifications to this Consent Decree shall be by written agreement of the Parties and shall not take effect unless approved by the Court.

XXVIII. COMPLIANCE WITH APPLICABLE LAWS, PERMITS AND APPROVALS

83. 84. Ohio EPA in writing of each inconsistency not later than thirty (30) days after identifying the inconsistency and the effect of the inconsistencies upon the Work to be performed. Performing Defendant shall also recommend, along with a supportable rationale justifying each recommendation, the requirement Performing Defendant believes should be followed. Performing Defendant shall implement the affected Work as directed by Ohio EPA.

**XXIX. APPENDICES AND DOCUMENTS APPROVED PURSUANT TO THIS

To the extent that portions of Counts Four through Eight seek relief for the investigation of soil, surface waters and groundwater contamination or the payment of the costs of the State overseeing such investigation at the Site ("investigation relief/costs"), those portions of Counts Four through Eight seeking investigation relief/costs shall be satisfied and dismissed with prejudice as to the United States upon payment of the costs by the United States.
