

Webinars pre-approved for PDHUs

To renew certification, a certified professional must demonstrate completion of a minimum of twelve professional development hour units (PDHUs), as set forth in paragraphs (C)(7) through (C)(11) of rule 3745-300-05, of relevant continuing education during the previous certification year.

Certified Professionals are encouraged to attend CP Coffees (3-4 hour training sessions held 2-3 times a year), the VAP Annual Certified Professional Training Session in the fall of each year (typically a full-day session), and/or the Ohio Brownfield Conference presentations that are pre-approved for PDHUs. In addition, technical courses covering issues such ground water sampling and soil classification, are offered on a periodic basis. Current courses being offered can always be found under "Upcoming Outreach and Training Sessions", and it will be noted if the courses qualify for PDHUs or not.

In addition, there are several technical webinars, seminars and conferences related to investigation and remediation techniques that DERR/SABR staff approve on a regular basis for PDHUs. For the most current list of courses pre-approved for PDHUs, go to our web site:

<http://epa.ohio.gov/derr/contact/training.aspx>

The following webinars have been pre-approved for PDHUs. All the webinars are free and last two-three hours. If you have any questions regarding whether a course you plan to take will qualify for PDHUs, or if you have questions about documentation for PDHUs for purposes of your renewal application, please feel free to contact a SABR Certified Professional Coordinator at 615-644-2924.

Evaluating Completion of Groundwater Restoration Remedial Actions

Nov 12, 2014

1:00PM-3:00 PM EST

(2 PDHUs)
