

**PUBLIC NOTICE
OHIO ENVIRONMENTAL PROTECTION AGENCY
URBAN SETTING DESIGNATION FOR
AMETEK INDUSTRIAL PRODUCTS PROPERTY, KENT, PORTAGE COUNTY**

Public notice is hereby given that the Ohio Environmental Protection Agency (EPA) has received, on March 13, 2014, a request to approve an Urban Setting Designation for approximately 14 acres of land located at 627 Lake Street, Kent, Portage County. This request was submitted by Ron Clark, Brownfield Restoration Group, on behalf of the City of Kent.

Pursuant to Ohio Administrative Code 3745-300-10(D), Ohio's Voluntary Action Program (VAP) allows for the voluntary clean up of contaminated property in Ohio without the risk of state civil liability. Under VAP, ground water cleanup is required where contaminated ground water poses risks to the community or environment.

A USD may be requested when there is no current or anticipated future use of ground water by local residents for drinking, showering, bathing, cooking or other potable purposes on or immediately adjacent to the USD property boundary. In these areas, an approved USD would lower the cost of cleanup and promote economic redevelopment while still protecting public health and safety.

The Ohio EPA director may approve the request for a USD based on a demonstration by the certified professional that the USD requirements set forth in OAC 3745-300-10(C) are met and an evaluation of all existing or future uses of ground water in the area have been considered and assessed.

Comments regarding the AMETEK Industrial Products Property USD must be received by Ohio EPA before the close of business on June 6, 2014. Please direct your comments by mail to Vicki Deppisch, 2110 East Aurora Road, Twinsburg, Ohio 44087 or by email at Vicki.Deppisch@epa.ohio.gov. The AMETEK Industrial Products Property USD application can be viewed by contacting Vicki Deppisch at 330-963-1207 or Nicole Patella at (330) 963-1200.
