- (3) At a minimum, the training program must be designed to ensure that facility personnel are able to respond effectively to emergencies by familiarizing them with emergency procedures, emergency equipment, and emergency systems, including, where applicable;

(B) Facility personnel must successfully complete the program required in paragraph (A) of this rule within six months after January 7, 1983 or six months after the date of

This description may be consistent in its degree of specificity with descriptions for other similar positions in the same company location or bargaining unit, but must include the requisite skill, education, or other qualifications, and duties of facility personnel assigned to each position;
 - (3) A written description of the type and amount of both introductory and continuing training that will be given to each person filling a position listed under paragraph (D)(1) of this rule; and
 - (4) Records that document that the training or job experience required under paragraphs (A), (B), and (C) of this rule has been given to, and completed by, facility personnel.
