**Re: Closure Plan Approval
Cardinal Bus Sales and Service, Inc.
U.S. EPA ID No.: OHR 000 157 016**

Dear Mr. Sharrock:

On June 14, 2010, Cardinal Bus Sales and Service, Inc. (Cardinal Bus) submitted to Ohio EPA a closure plan for an unpermitted burn barrel used to dispose of spent paint/solvent waste located at 6280 Harding Highway, SR 309 East, Lima, Ohio. Revisions to the closure plan were received on July 2, 2010. The closure plan was submitted pursuant to the March 17, 2010, Director's Final Findings and Orders in order to demonstrate that Cardinal Bus's proposal for closure complies with the substantive requirements of OAC rules 3745-55-11 and 3745-55-12.

The owner or operator and the public were given the opportunity to submit written comments regarding the closure plan in accordance with the hazardous waste rule requirements. No public comments were received by Ohio EPA.

Based upon review of Cardinal Bus's submittal and subsequent revisions, I conclude the closure plan for the hazardous waste facility at 6280 Harding Highway, SR 309 East, Lima, Ohio, meets the performance standard contained in OAC rule 3745-55-11.

The closure plan submitted to Ohio EPA on June 14, 2010, and revised on July 2, 2010, by Cardinal Bus is hereby approved.

Compliance with the approved closure plan is expected. Ohio EPA will monitor such compliance. Ohio EPA expressly reserves the right to take action, pursuant to chapters 3734, and 6111, of the Ohio Revised Code, and other applicable law, to enforce such compliance and to seek appropriate remedies in the event of noncompliance with the

Ted Strickland, Governor
Lee Fisher, Lieutenant Governor
Chris Korleski, Director

provisions and modifications of this Approved Closure Plan. Please be advised that approval of this closure plan does not release Cardinal Bus from any responsibilities regarding corrective action for all releases of hazardous waste or constituents from any waste management unit, regardless of the time at which waste was placed in the unit.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Ohio Treasurer Kevin Boyce," which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
309 South Fourth Street, Room 222
Columbus, Ohio 43215

When closure is completed, OAC rule 3745-55-15 requires the owner or operator of a facility to submit to the Director of Ohio EPA, certification by the owner or operator and an independent, registered professional engineer, that the facility has been closed in accordance with the approved closure plan.
