Class 2 Hazardous Waste Permit Modification Final Issuance

Dear Ms. Lawson:

On October 31, 2011, Ohio EPA received from Ross Incineration Services, Inc. (Ross) a Class 2 permit modification request for additional container storage racks in the Container Storage Facility. For this modification, Ross submitted a Class 2 modification application.¹ Enclosed is the final Modified Class 2 Ohio Hazardous Waste Facility Installation and Operation Permit (Permit) that was issued by the director today. Please note that the modified Permit remains in effect until it is renewed, withdrawn, suspended or revoked.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Re: **Hazardous Waste Class 2 Permit Modification – Container Storage Facility
Ross Incineration Services, Inc.
OHD 048 415 665**

Attached for your review and signature is a hazardous waste Class 2 permit modification for Ross Incineration Services, Inc. (RIS) located in Grafton, Ohio. RIS operates a commercial hazardous waste treatment and storage facility, the primary service being the treatment of off-site generated hazardous waste by incineration.

The permit modification application dated October 26, 2011 and received on October 31, 2011 consisted of the following change:

- Additional container storage racks in the Container Storage Facility.

DMWM staff reviewed the modification application according to Ohio Administrative Code (OAC) Rule 3745-50-51 and determined the proposal complies with Ohio EPA's hazardous waste rules. Therefore, the Division recommends the modified permit be issued.

On December 1, 2011, the facility held a public meeting, and the public comment period for this proposed modification ended on December 30, 2011. No comments were received concerning this modification. Therefore, a responsiveness summary is not included. The remainder of the administrative record is available for your review in the DMWM's Engineering, Remediation, and Authorizations Section.

If you have any questions regarding the permit modification, please call me at 4-2980 or Jeremy Carroll at 4-2830. Should you sign the modified permit, please return the package to DMWM for journalizing and issuance. In accordance with OAC Rule 3745-50-51, Ohio EPA is required to issue an action on this Class 2 modification application by January 30, 2012.
