**Re: County Environmental of Wyandot Landfill, Wyandot County  
Ohio Administrative Code (OAC) Rule 3745-27-10(E)(9)(b) Approval**

Dear Mr. Traub:

On October 10, 2012, the Ohio Environmental Protection Agency (Ohio EPA), Division of Materials and Waste Management (DMWM), Northwest District Office (NWDO) received a document titled, "County Environmental Landfill of Wyandot – 2012 First Semiannual Event Alternate Source Demonstration for Selenium in BW-3 and Request for Director's Approval According to OAC 3745-27-10(D)(7)(c)(ii)" dated October 8, 2012, for the County Environmental of Wyandot Landfill (Facility) located in Wyandot County. The above referenced document was submitted by Eagon and Associates, on behalf of the owner/operator of County Environmental of Wyandot Landfill. Since the time limits in accordance with OAC Rule 3745-27-10(D)(7)(c)(ii) have expired, Ohio EPA has reviewed this request pursuant to OAC Rule 3745-27-10(E)(9)(b).

According to the document, analysis of the ground water detection monitoring data indicated that the following statistically significant change was detected: selenium in well BW-3.

The document contains the ground water sampling results and the statistical analysis for samples collected during the May 7, 2012, sampling event.

Pursuant to OAC Rule 3745-27-10(E)(9)(b), the owner or operator may demonstrate that a source other than the sanitary landfill facility caused the contamination, or that the statistically significant change resulted from error in sampling, analysis, or statistical evaluation or natural variation in ground water quality. A report documenting this demonstration must be submitted to and approved by Ohio EPA.

Mr. Randy Traub  
Page 2

The October 8, 2012, document concluded that the statistically significant change for selenium in well BW-3 was due to an error in sampling, and not as a result of impact from the landfill.

Ohio EPA has reviewed the applicable information and concurs with the demonstration for selenium in BW-3. Therefore, pursuant to OAC Rule 3745-27-10(E)(9)(b), the owner or operator is hereby authorized to continue the detection monitoring program at the Facility for monitoring well BW-3.

Should future or existing ground water sampling results indicate statistically significant changes in ground water monitoring parameters, the owner or operator will be required to either enter into the ground water quality assessment monitoring program in accordance with OAC Rule 3745-27-10(E) or obtain approval to remain in the detection monitoring program pursuant to OAC Rule 3745-27-10(D)(7)(c).

This approval shall not be construed to release the owner or operator from the obligation to comply with the requirements of any other ground water quality assessment monitoring program being conducted at the Facility.

A detailed account of Ohio EPA's review of the ground water demonstration will be sent to you under separate cover.

You are hereby notified that this action of the Director of Environmental Protection (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Ohio Revised Code Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission  
77 South High Street, 17<sup>th</sup> Floor  
Columbus, Ohio 43215

Mr. Randy Traub
