ENTERED DIRECTOR JOURNAL

Re: Seneca East Recycling and Disposal Facility, Seneca County Explosive Gas Monitoring Plan Approval

Dear Mr. Haaf:

The Explosive Gas Monitoring Plan (EGMP) for the Seneca East Recycling and Disposal Facility (SERDF) was originally submitted on February 1, 1989. On July 15, 1996, the Ohio Environmental Protection Agency (Ohio EPA) received a revised copy of the EGMP for the SERDF. A notice of deficiency dated November 27, 2000 was sent to Waste Management, Inc. as a result of the review of the 1996 revised EGMP. Subsequent revisions were dated July and December 2001 and February 2002.

The EGMP meets the requirements of Ohio Administrative Code Rule 3745-27-12, effective June 1, 1994. The EGMP replaces the 1989 EGMP and shall be implemented immediately.

Issuance of this approval does not constitute expressed or implied agreement that the monitoring of the facility, if performed and implemented in accordance with the approved explosive gas monitoring plan and/or its terms and conditions, will constitute compliance with all applicable state and federal laws, rules, and regulations.

You are hereby notified that this action of the Director of Environmental Protection is final and may be appealed to the Environmental Review Appeals Commission pursuant to Ohio Revised Code (ORC) Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. It must be filed with the commission within thirty (30) days after notice of the director's action. A copy of the appeal must be served on the Director within three (3) days of filing with the commission. An appeal may be filed with the commission at the following address:

Environmental Review Appeals Commission
236 East Town Street, Room 300
Columbus, Ohio 43215
