**Re: Hardin County Landfill, Hardin County  
Corrective Measures Plan Approval**

Dear Commissioners:

The Ohio Environmental Protection Agency (Ohio EPA) completed its review of the Corrective Measures Plan (CMP) dated June 12, 2002, and the CMP revisions dated August 22, 2002, for the closed Hardin County Landfill, located in Hardin County (Facility). These documents were prepared and submitted in accordance with Ohio Administrative Code (OAC) Rule 3745-27-10(F). Ohio EPA has determined that the CMP fulfills the requirements of OAC Rule 3745-27-10(F).

The CMP and the selected corrective measure, which proposes a slurry wall encircling the entire site with an associated dewatering system inside of the slurry wall, is hereby approved and is to be implemented by the owner/operator with the following conditions:

**Conditions**

1. The owner/operator shall implement the corrective measures plan as defined in item 1A of Appendix E of Volume 1 entitled, "Proposed Schedule For Implementing Remedial Alternatives," or initiate construction by June 1, 2003, and follow the time lines as proposed.
2. The owner/operator shall implement the ground water sampling and analysis plan and conduct ground water monitoring at the Facility as described and outlined in the CMP and in conjunction with OAC Rule 3745-27-10(F).
3. The sampling and analysis plan, the detection monitoring plan, and the assessment monitoring plan, all of which are contained within the CMP, may be altered through the written concurrence of Ohio EPA.
4. The selected corrective measure, as described in the CMP, shall only be changed with the approval of the director.

I certify this to be a true and accurate copy of the official document as filed in the records of the Ohio Environmental Protection Agency.

Maureen O'Connor, Lieutenant Governor  
Christopher Jones, Director
