II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in ownership of the Respondent or the Facility shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 6111. and the rules promulgated thereunder.

IV. FINDINGS

The Director of Ohio EPA has determined the following findings:

1. Respondent is the operator of a manufacturing facility located at 320 Snider Road, Bluffton, Allen County, Ohio ("Facility").
2. Ohio Administrative Code ("OAC") Rule 3745-31-02 requires the Director's issuance of a permit to install ("PTI") prior to the installation of a new "disposal system," as such term is defined in ORC § 6111.01 (G).

I certify this to be a true and accurate copy of the
official document as filed in the records of the Ohio

3. ORC § 6111.07(A) prohibits any person from violating, or failing to perform, any duty imposed by ORC §§ 6111.01 to 6111.08, or violating any rule adopted by the Director pursuant to those sections, including OAC Rule 3745-31-02.
4. PTI Application No. 03-15566, together with detailed plans, were received at Ohio EPA Northwest District Office on October 2, 2002, for the installation of pretreatment equipment at the Facility.
5. The pretreatment equipment proposed in the PTI Application No. 03-15566 is a "disposal system," as such term is defined in ORC § 6111.01(G).
6. On January 16, 2003, an inspection of the Facility was conducted by Ohio EPA Northwest District Office. The inspection confirmed that the installation of the pretreatment equipment had been completed prior to approval of the plans and issuance of a PTI by Ohio EPA.
7. On January 22, 2003, Respondent was notified via certified mail that the pretreatment system installation was in violation of ORC Chapter 6111. and OAC Chapter 3745-31.
8. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with these Orders and to evidence relating to conditions calculated to result from compliance with these Orders, and its relation to the benefits to the people of the State to be derived from such compliance in accomplishing the purposes of ORC Chapter 6111.

Ohio EPA and Respondent each reserve all rights, privileges and causes of action, except as specifically waived in Section XI. of these Orders.

XI. WAIVER

In order to resolve disputed claims, without admission of fact, violation or liability, and in lieu of further enforcement action by Ohio EPA for only the violations specifically cited in these Orders, Respondent consents to the issuance of these Orders and agrees to comply with these Orders. Compliance with these Orders shall be a full accord and satisfaction for Respondent's liability for the violations specifically cited herein.

Respondent hereby waives the right to appeal the issuance, terms and conditions, and service of these Orders, and Respondent hereby waives any and all rights Respondent may have to seek administrative or judicial review of these Orders either in law or equity.

Notwithstanding the preceding, Ohio EPA and Respondent agree that if these Orders are appealed by any other party to the Environmental Review Appeals Commission, or any court, Respondent retains the right to intervene and participate in such appeal.
