

3745-3-02

Purpose and applicability.

- (A) The purpose of this chapter is to establish as part of a state pretreatment program under Chapter 6111. of the Revised Code, enforceable state requirements and standards regulating the introduction of pollutants into POTWs by industrial users.
- (B) This chapter has the following objectives:
- (1) To prevent the introduction of pollutants into POTWs that will interfere with the operation of a POTW, including interference with the use or disposal of its sludge;
 - (2) To prevent the introduction of pollutants into POTWs that will pass through the treatment works or otherwise be incompatible with such works; and
 - (3) To improve opportunities to recycle and reclaim municipal and industrial wastewaters and sludges.
- (C) The provisions of this chapter apply to:
- (1) Pollutants from non-domestic sources covered by pretreatment standards that are indirectly discharged into, or transported by truck or rail or otherwise introduced into, the POTWs as defined by this chapter;
 - (2) POTWs that receive wastewater from sources subject to pretreatment standards; and
 - (3) Any new or existing source subject to pretreatment standards. Pretreatment standards do not apply to sources connected to a sewer that is not connected to a POTW.
- (D) Nothing in this chapter shall be interpreted to prevent the director or a POTW from imposing additional or more stringent requirements or standards on any industrial user pursuant to applicable provisions of law.
