### **Ohio EPA, Ohio Department of Health to Hold Meeting Regarding St. Bernard Sampling Results**

Representatives from the Ohio Department of Health and Ohio EPA will present environmental sampling results from the Bank Avenue-area of St. Bernard and offer interpretation of what the data means at a public meeting on Dec. 20, 2011. The meeting will begin at 6:30 p.m. in the St. Bernard Municipal Building, 120 Washington Ave.

Soil and ground water samples were collected from property near Ludlow Park, the village's closed landfill and private property which includes residential yards. Soil and ground water samples were collected from soil borings on residential properties. Air samples were collected from areas beneath the basements or crawlspaces under homes adjacent to the landfill.

Additional indoor air testing will be conducted in January 2012.
