Table of Contents for the Solid Waste Management Plan

i. Table of Contents

ii. Solid Waste Management District Personnel and Contacts

iii. List of acronyms

1. Introduction and Plan Summary

2. District Profile

   Purpose Statement

   A. Profile of Political Jurisdictions

   B. Population
      1. Reference Year Population
      2. Population Distribution
      3. Population Change
      4. Implications for Waste Management

   C. Profile of Commercial and Institutional Sector

   D. Profile of Industrial Sector

   E. Other Characteristics

3. Waste Generation

   Purpose Statement

   A. Solid Waste Generated in Reference Year
      1. Residential/commercial waste Generated in Reference Year
      2. Industrial Waste Generated in Reference Year
      3. Excluded Waste Generated in Reference Year

   B. Historical Waste Generated
      1. Historical Residential/Commercial Waste Generated
      2. Historical Industrial Waste Generated
      3. Historical Excluded Waste Generated

   C. Waste Generation Projections
      1. Residential/Commercial Waste Projections
      2. Industrial Waste Projections
      3. Excluded Waste Projections
4. Waste Management

Purpose Statement

A. Reference Year
   1. Landfill facilities
   2. Transfer facilities
   3. Incinerators and energy recovery facilities

B. Waste Management During the Planning Period
   1. Methods for Managing Waste
   2. Regional Landfill Capacity Analysis and Demonstration of Access to Disposal Capacity
   3. Siting Strategy [If after regional analysis, district needs additional capacity; summary only (details in Appendix)]
   4. Contingencies for Landfill Capacity Assurance

C. Designation
   1. Authorization Statement to Allow/Preclude Designation
   2. Description of Designation Process (if needed)
   3. List of Designated Facilities (if needed)
   4. Waiver process for Undesignated Facilities (if needed)
   5. Identification of Facilities (if needed)

5. Waste Reduction and Recycling Programs

Purpose Statement

A. Waste Reduction and Recycling Data
   1. Residential/commercial recycling in the district
   2. Industrial recycling in the district

B. Program Evaluation and Priorities

C. Program Descriptions

6. Cost and Financing of Plan Implementation

Purpose Statement

A. Revenue
   1. Disposal Fees
   2. Generation Fees
   3. Other Funding Mechanisms
   4. Summary of District Revenues

B. Expenditures
   1. Planned Expenditures
   2. Funds Allocated to the Uses in ORC Section 3734.57(G)
   3. Budget for Major Project
   4. Summary of District Expenditures
C. Budget Summary

D. Contingent Finding Mechanism
List of Appendices (for Format)

A. Reference Year, Planning Period, and statement of which goal (1 or 2) achieving
B. Recycling Infrastructure Inventory
C. Population Data and Projections
D. Waste Disposal Data and Projections
E. Residential/Commercial Recycling Data and Projections
F. Industrial Recycling Data and Projections
G. Waste Generation Data and Projections
H. Program Evaluation and Analysis
I. Overall Conclusions and Descriptions of Programs to Be Provided (New Programs, Changes to Existing Programs and Unchanged Programs)
J. Reference Year Opportunity to Recycle and Demonstration of Achieving Goal 1
K. Diversion Rates and demonstration of Achieving Goal 2
L. Outreach Plan and General Education Requirements
M. Capacity Demonstration
N. Evaluation of Greenhouse Gas Emissions
O. Financial Data
P. Explanations of differences between data previously reported to Ohio EPA and used in the solid waste management plan
Q. Templates for resolutions, certification statements, public notices, etc.
R. Sample Survey Documents and Survey Methodology
S. Social Marketing
T. Survey Methodology/Tool Kit (from drop-off study)
U. District Rules
V. NAICS Codes
List of Appendices (for solid waste management plan)

A. Reference Year, Planning Period, and statement of which goal (1 or 2) achieving
B. Recycling Infrastructure Inventory
C. Population Data and Projections
D. Waste Disposal Data and Projections
E. Residential/Commercial Recycling Data and Projections
F. Industrial Recycling Data and Projections
G. Waste Generation Data and Projections
H. Program Evaluation and Analysis
I. Overall Conclusions and Descriptions of Programs to Be Provided (New Programs, Changes to Existing Programs and Unchanged Programs)
J. Reference Year Opportunity to Recycle and Demonstration of Achieving Goal 1
K. Diversion Rates and demonstration of Achieving Goal 2
L. Outreach Plan and General Education Requirements
M. Capacity Demonstration
N. Evaluation of Greenhouse Gas Emissions
O. Financial Data
P. Explanations of differences between data previously reported to Ohio EPA and used in the solid waste management plan
Q. District resolutions, certification statements, public notices, other notices (e.g. a copy of the notice sent to the 50 largest generators)
R. Blank Survey Forms and survey results
S. Siting Strategy (if needed)
T. Designation/Flow Control (placeholder for formal documents, not a description of the SWMD’s flow control)
U. District Rules
