

2018 State Revolving Loan Fund Awards

Overview: Ohio EPA's state revolving funds, the Water Pollution Control Loan Fund (WPCLF) and the Water Supply Revolving Loan Account (WSRLA), provide below-market rate financing for public wastewater and drinking water infrastructure projects. Since these programs started, financing has been provided to Ohio communities for a wide variety of wastewater and water infrastructure projects across the state. This financing has helped improve water quality in Ohio while providing substantial savings to Ohio communities when compared to market rate financing.
