# Online Renewal Applications
## For Certified Operators

*Online renewals will be available August 1 of your renewal year*

➤ **Ohio EPA has proposed rule changes to require online renewal applications submitted through Ohio EPA's eBusiness Center.**

➤ **The eBusiness Center has drastically decreased the review and processing time from six weeks to just one.**

➤ **With the eBusiness Center, you can:**

- Quickly complete and submit renewal applications and pay associated fees.
- Keep track of contact hours earned throughout the year.
- Save time and money.

**What can you do to prepare?**

✓ Set up your eBusiness Center account

✓ Request operator service

✓ Review your operator profile

# Need more information?

**For more information about setting up an eBusiness Center account, please visit epa.ohio.gov/ddagw/opcert.aspx.**

**On the eBusiness Center tab, you will find written instructions and a video to help you:**

✓ Create an eBusiness Center account

✓ Request a Personal Identification Number or PIN

✓ Request operator service (to view your profile)

✓ Apply for an exam or certification

✓ Submit a renewal application

✓ Apply for contact hour course approval

**Check the webpage often for important deadlines and announcements.**
