

# Activated Sludge Process Control and Troubleshooting Chart

Ohio EPA, DSW, CAU

November 2014

## Directions:

Begin with **Box 1: Clarifier Effluent: Ammonia < 1 mg/L**

If response is "no" follow **red arrow** to left , if response is "yes" follow **green arrow** to right.

Apply corrective action then return to **Box 1: Clarifier Effluent: Ammonia < 1 mg/L**

Continue until all issues are eliminated and directed to **Box 24: Compliance**
