SECTION 2

RENEWAL REQUIREMENTS

CP Initial Training or NFA Letter Submittal Requirement:

Date CP Initial Training taken:	June 4, 2019
---------------------------------	--------------

Date most recent NFA Letter submitted to the VAP for a CNS:	March 24, 2011
---	----------------

Note: If the more recent of these two dates is more than four years ago, you are not eligible to renew your certification and must take the initial training before applying for renewal. You must have taken the CP Initial Training within four years of submitting your renewal application, or have submitted an NFA letter to the VAP for a CNS (from date NFA Letter submitted, not date CNS issued) within four years of submitting your renewal application. For example, if your certification expires on November 1, 2015 and you attended the initial training on August 1, 2011 and have not submitted an NFA letter requesting a CNS, then you must take the training prior to renewing your certification or face a lapse until you do.

Documentation of Qualifying PDHUs (minimum of 12 hours required):

- (3) Agendas from multi-track conferences with the specific courses attended highlighted by the applicant.
- (4) Whether or not the course is offered by Ohio EPA and is approved for PDHUs. (**Please note: six** of your PDHUs must fall into this category.)
