STATUS OF OWRC AND FUTURE DIRECTION

B. HALL

DISCUSSION

- Ohio EPA, Division of Surface Water has a new Chief and Deputy Director for water resources, Karl Gebhardt.
- The expectations of the new Ohio EPA Director, Craig Butler regarding the OWRC have not been made clear yet.
- ODNR is switching servers and the OWRC website was down. It is back working but
there is a new link that Brian will send out.

**CONCLUSIONS**
None.

**MORPC UPPER SCIOTO RIVER BALANCED GROWTH**

**DISCUSSION**
The workgroup has already technically reviewed the plan. MORPC is anxious for endorsement and there is not a Council meeting currently scheduled, Brian recommends endorsement through an absentee vote.

**CONCLUSIONS**
Nobody raised concerns over endorsement through absentee vote.

**WORK GROUP UPDATES**

Each workgroup presented an update on their action/task items. Brian’s goal is to have a Council meeting in August or September to have the Strategic Plan and Action Items endorsed.

1. **Education and Outreach**
   - Carolyn Watkins (OEPA, Chief of Environmental Education) is willing and excited to coordinate with other Agencies.

2. **Watershed Management**

3. **Water Quality**
   - The workgroup needs to work more with Jeff Deshon on Action Item 3.

4. **Water Quantity**

5. **Data and Information**
   - Cathy Alexander is running the Water Quality Steering Committee.
   - There are concerns about how the public may interpret or use available data.
   - Action Item 2 is too general.
   - Dick will work with Cathy on tasks.
   - Action Item 3 is also general. Brian would like to make the OWRC website a resource.

6. **Water Resource Infrastructure**
   - Someone from Ohio EPA, Division of Surface Water and possibly someone from Ohio EPA, Division of Drinking and Ground Waters should sit in on workgroup meetings.
   - Do we see new regional facilities being discussed? Yes – in unserved areas.

7. **Water Related Natural Hazards**

## UPDATES

**ODA**
- Would it be appropriate to use OWRC funds for SB 150 outreach to landowners, letting them know their obligation for certification? The previous Ohio EPA Director had specific ideas on what he wanted to accomplish through OWRC, but the new Director hasn’t given the OWRC direction yet.

**OLEC**
- The quarterly Ohio Lake Erie Commission meeting will be held June 16, 2014. The meeting will be followed by a briefing and sampling demonstration for Lake Erie Caucus members.
- The summer of 2014 is the US and Canada’s Lake Erie Year.
- OLEC gave out 4 quarterly grants through Ohio’s Lake Erie Protection Fund.
- There is a special category for winter photos in the photo contest.

**ODOT**
- Planning Conference will be July 15th and 16th and registration is now open.
- Ohio Transportation and Engineering Conference will be held October 28th and 29th.
• The climate variability adaptation study is still ongoing.
• ODOT will be spending approximately $22.5 million on land preservation for the Portsmouth bypass project.

**OEPA, Drinking and Ground Waters**
• Mike Baker is at a conference in Texas about infrastructure needs.
• OCAPP Conference will be September 23rd and 24th.
• Division is working on deep well injection permit.

**USGS**
• Under contract with DNR to install 7 new stations. Almost all are operating properly.
• USGS is doing work on Lake Erie, sediment sampling.
• The existing understanding for funding and implementation of the stream gauge network is expiring this year.
• There is an effort for NOA, USGS and Army Corp of Engineers to all work together. MOU was signed 4-5 years ago. They are looking for input from the water resources community: what data and resources could the group provide?

**OEPA, Division of Surface Water**
• Technical advisory group for nutrients has been working for 6-8 years and they are hoping to have a rule making soon.
• Dredging: Toledo, Lorain and Sandusky harbor certifications will be issued soon.
• US EPA proposed a rule to clarify what waters can be regulated under the Clean Water Act.

**ODNR**
• There has been a significant increase in money for park improvements such as water, sewer and dam upgrades.

**OWDA**
• The Muskingum Conservancy District obtained money from oil and gas and created a revolving loan fund, which OWDA will be managing.
• One year ago OWDA gave out its first storm water loan. It was an economic development tool that went to new development in Butler County. They are building a mall similar to Easton. The loan went towards capturing storm water and then controlling the release of it. OWDA recently gave a second similar loan and just received another request from Dublin.

**ODA**
• There is approximately $250,000 in the budget that could be used for projects. Data and information may propose a project to get data into the WQE.
• Denise will have a proposal ready for July’s meeting.
