

Lead Public Education Verification Form – NTNC and Small Community¹ PWS

PWS NAME:		DRINKING WATER PROGRAM – COMPLIANCE NOTIFICATION	
PWS ID:		COUNTY:	

A public water system that has a lead action level exceedance is required to complete Public Education (PE) activities within 30 business days after receipt of laboratory results. Submit this completed form and a copy of the PE materials to your Ohio EPA district office within 5 business days of completion of the PE activities. Retain a copy of this report in your files with supporting documentation for a minimum of 12 years.

Required Public Education Activities	Date Completed
1. Lead tap water results posted in public place or common area in each building.	
2. Lead PE materials posted in public place or common area in each building.	
3. Distributed PE materials via pamphlets, brochures, or electronic transmission to each individual served by the system. For systems that are schools, day cares, nursing homes, or correctional institutions, legal guardians or power of attorney were also directly provided PE materials.	

The attached Public Education material is representative of what was issued.

I hereby certify that the Public Education material was distributed to all persons served by the water system. Distribution was made by the methods and dates indicated above.

Signature of Responsible Official Printed Name Title of Responsible Official Date

For Ohio EPA use only	PE Verification received date: _____
PE on time: <input type="checkbox"/>	PE late: <input type="checkbox"/> PE Acceptable: <input type="checkbox"/> PE not Acceptable: <input type="checkbox"/>

¹Small community systems covered under this verification form include facilities, such as a prison or a hospital, where the population served is not capable of or is prevented from making improvements to plumbing and the system provides water as part of the cost of services and does not separately charge for water consumption.
