RECIPT OF RENEWAL APPLICATION

On March 24, 2021, Ohio EPA received a Renewal Hazardous Waste Facility Installation and Operation Permit Application (Permit Application) from Materion Brush, Inc. (Materion Brush), U.S. EPA Identification Number OHD 004 212 999, for its facility located at 14710 West Portage River South Road, Elmore, Ohio 43416. Materion Brush operates an industrial manufacturing facility which converts beryllium hydroxide powder into beryllium products and product-intermediates, Materion Brush is authorized to store hazardous waste in containers and conduct corrective action and post-closure care activities. The purpose of the Permit Application is to allow Materion Brush to continue operating a hazardous waste treatment and storage facility.

For the Permit Application to receive final approval, Ohio EPA must determine that the Permit Application is complete and meets appropriate standards and that the applicant has a history of compliance with relevant environmental laws and demonstrates sufficient reliability, expertise, and competency to operate a hazardous waste facility.

A copy of the Permit Application can be reviewed online through Ohio EPA's website via the eDocument portal, at:

<http://edocpub.epa.ohio.gov/publicportal/edochome.aspx>

Using the search function, search under the document type of "Permit" and then refine the search using the facility's RCRA ID number (Secondary ID), which is OHD004212999 and Permit Purpose which is "Renewal". Select from the list of documents.

Questions to the facility regarding the Permit Application should be addressed to Mr. Troy Kajfasz, Materion Brush Inc., 14710 West Portage River South Rd., Elmore, Ohio 43416.

To be put on the facility mailing list or to request additional information, a request can be sent to Ohio EPA Division of Environmental Response and Revitalization, 50 W. Town St., Suite 700, Columbus, OH 43215 (614) 644-2924.
