RECIEPT OF RENEWAL APPLICATION

On June 19, 2021, Ohio EPA received a Renewal Hazardous Waste Facility Installation and Operation Permit Application (Permit Application) from ALTIVIA Petrochemicals, LLC - Haverhill Plant (Altivia), U.S. EPA Identification Number OHD 005 108 477, for its facility located at 1019 Haverhill-Ohio Furnace Rd., Haverhill, Ohio in Scioto County. Altivia currently owns and operates a commercial chemical production facility which has a hazardous waste permit to store hazardous wastes in tanks, treat hazardous wastes in two industrial boiler units, and to continue corrective action. The purpose of this permit is to allow Altivia to continue the following hazardous waste management activities: tank storage, treatment in two permitted boiler units, and continued corrective action.

For the Permit Application to receive final approval, Ohio EPA must determine that the Permit Application is complete and meets appropriate standards and that the applicant has a history of compliance with relevant environmental laws and demonstrates sufficient reliability, expertise, and competency to operate a hazardous waste facility.

The Permit Application can be viewed online through Ohio EPA's public website at: <http://edocpub.epa.ohio.gov/publicportal/ViewDocument.aspx?docid=1610417> .

Questions to the facility regarding the Permit Application should be addressed to Jason Patrick, EHS Manager, ALTIVIA Petrochemicals LLC, P.O. Box 180 - 1019 Haverhill-Ohio Furnace Rd., Haverhill, OH 45636.
