

**PPG Industries, Inc. – Barberton  
MAILING LIST NOTIFICATION  
Summit County**

**RECEIPT OF RENEWAL APPLICATION**

On March 26, 2020, Ohio EPA received a Renewal Hazardous Waste Facility Installation and Operation Permit Application (Permit Application) from PPG Industries, Inc. (PPG), U.S. EPA Identification Number OHD 004 198 917, for its facility located at 4829 Fairland Rd, Barberton, OH 44203. PPG currently owns and operates a commercial chemical production facility which has a permitted Hazardous Waste Management Unit (HWMU) for the storage of hazardous wastes. PPG has notified Ohio EPA that this HWMU is no longer in use and that PPG intends to complete closure of the HWMU prior to the expiration of the current hazardous waste permit (No. 02-77-0453). The purpose of the Permit Application is to allow PPG to continue managing this HWMU until closure activities have been completed.

For the Permit Application to receive final approval, Ohio EPA must determine that the Permit Application is complete and meets appropriate standards and that the applicant has a history of compliance with relevant environmental laws and demonstrates sufficient reliability, expertise, and competency to operate a hazardous waste facility.

As a precautionary response to COVID-19, Ohio EPA is currently operating with most of its staff working remotely. Due to this, Ohio EPA is unable to mail out a mailing list notification and is posting this notification electronically. For additional information concerning this notice, please contact Halee Smith of Ohio EPA at (614) 441-0261.

The Permit Application can be viewed online through Ohio EPA's public website at: <http://edocpub.epa.ohio.gov/publicportal/ViewDocument.aspx?docid=1322546>.

Questions to the facility regarding the Permit Application should be addressed to Brian Satterfield, PPG Industries, Inc. – Barberton, 4829 Fairland Rd, Barberton, OH 44203.
