

How to Obtain an Ohio EPA Letter of Support for U.S. EPA Brownfields Multipurpose, Assessment, and Cleanup Grants

The Small Business Liability Relief and Brownfields Revitalization Act (“Brownfields Law”, P.L. 107-118) requires the U.S. Environmental Protection Agency (EPA) to publish guidance for grants to assess and clean up brownfield sites. EPA’s Brownfields Program provides funds to empower states, communities, tribes, and nonprofits to prevent, inventory, assess, clean up, and reuse brownfield sites. Guidelines were published on November 28, 2018 and proposals are due by **January 31, 2019**.

Ohio applicants for EPA brownfields multipurpose, assessment or cleanup grant(s) must submit a letter of support from the Ohio EPA as part of their proposal. The letter of support must be included with the cover letter acknowledging the applicant’s plans to perform assessment or cleanup activities. This is a Threshold Criteria item; threshold criteria are all pass/fail. If applying for multiple types of grant program activities, the applicant need only submit one letter.

The strongest letters of support will contain detailed information about the project and demonstrate that the Ohio EPA understands the applicant’s goals and has confidence in the applicant’s abilities. To obtain such a letter, the applicant will need to provide the following:

- ✓ Type(s) of grants and dollar amount(s) applied for
- ✓ Site(s) name, location, and property owner, including brief history of each site (or a focus area if not a site-specific grant)
- ✓ Proposed use of grant funds (e.g. multiple assessments, inventory, cleanup etc.)
- ✓ Community need
- ✓ Leveraging of additional resources
This includes Ohio EPA assistance such as Targeted Brownfield Assessments and Grant-Funded Technical Assistance. If you think you may want to take advantage of these incentives, please contact our office to discuss availability of funds.
- ✓ Expected benefits if grant is awarded

This information should be submitted not later than **January 11, 2019**. E-mail submission is preferred.
