Director's Final
Findings and Orders

I certify this to be a true and accurate copy of the
official documents as filed in the records of the Ohio
Environmental Protection Agency.

PREAMBLE

It is agreed by the parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders (Orders) are issued to Weastec,
Incorporated (Respondent) pursuant to the authority vested in the Director of the Ohio
Environmental Protection Agency (Ohio EPA) under Ohio Revised Code (ORC) §§ 3734.13
and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in
interest liable under Ohio law. No change in ownership of the Respondent or of the Facility
shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same
meaning as defined in ORC Chapter 3734. and the rules promulgated thereunder.

IV. FINDINGS

All of the findings necessary for the issuance of these Orders pursuant to ORC §§
3734.13 and 3745.01 have been made and are outlined below. Nothing in the findings
shall be considered to be an admission by Respondent of any matter of law or fact. The
Director of Ohio EPA has determined the following findings:
1. Respondent operates a business located at 1600 N. High St., Hillsboro, Highland County, Ohio (Facility). Respondent, a corporation for profit, was registered to do business in Ohio on June 20, 1986.

2. Respondent is a “person” as defined in ORC § 3734.01(G) and Ohio Administrative Code (OAC) rule 3745-50-10(A).

3. At the Facility, Respondent generates “hazardous waste” as that term is defined by ORC § 3734.01(J) and OAC rules 3745-50-10(A) and 3745-51-03, including hazardous waste isopropanol. The isopropanol is hazardous waste because it typically has a flash point below 140 degrees Fahrenheit, i.e., ignitable hazardous waste (D001). At all times relevant to the events described herein, Respondent was a small quantity generator of hazardous waste.

4. Respondent notified Ohio EPA of its hazardous waste activities and was issued generator identification number OHD174911818.

5. On April 7, 8, 14 and May 16, 2005, Ohio EPA conducted a compliance evaluation inspection at Vexor Technology, Inc. located at 955 West Smith Road, Medina, Ohio. (Vexor). As a result of this inspection, Ohio EPA determined that Respondent had, on September 20, 2004, inadvertently transported or caused to be transported three containers of ignitable hazardous waste isopropanol to Vexor. It appears that the transport of the hazardous waste to Vexor occurred as a result of a change in vendor. The three drums of hazardous waste isopropanol were inadvertently collected by the new vendor along with other containers of non-hazardous waste and transported to Vexor. Vexor does not hold a hazardous waste facility installation and operation permit issued in accordance with ORC Chapter 3734. The containers of hazardous waste isopropanol and other containers of non-hazardous waste were transported as non-hazardous wastes and were accompanied by non-hazardous shipping papers.

6. Because Respondent failed to properly evaluate its waste to determine if it was hazardous and transported or caused to be transported the containers of hazardous waste to Vexor, a facility not operating under a hazardous waste facility installation and operation permit issued in accordance with ORC Chapter 3734., the Director has determined that Respondent violated OAC rule 3745-52-11 and ORC § 3734.02(F).

7. On January 4, 2005, Vexor shipped the containers of hazardous waste off-site on a proper hazardous waste manifest for management and disposal.
8. Because the three containers of hazardous waste isopropanol were properly manifested off-site, the Director has determined that no further action is required of Respondent to abate the violations as referenced in Finding No. 6 of these Orders.

V. ORDERS

Respondent shall achieve compliance with Chapter 3734. of the ORC and the regulations promulgated thereunder according to the following compliance schedule:

1. On or before April 30, 2008, Respondent shall pay to Ohio EPA the amount of $4,400.00 in settlement of Ohio EPA’s claims for civil penalties, which may be assessed pursuant to ORC Chapter 3734., and which will be deposited into the hazardous waste cleanup fund established pursuant to ORC § 3734.28. Payment shall be made by an official check made payable to “Treasurer, State of Ohio” for $4,400.00. The official check shall be submitted to Ohio EPA, Office of Fiscal Administration, Department L-2711, Columbus, Ohio 43260-2711, together with a letter identifying Respondent. A copy of this check shall be submitted in accordance with Section X. of these Orders.

VI. TERMINATION

Respondent’s obligations under these Orders shall terminate upon Ohio EPA’s receipt of the official checks required by Section V. of these Orders.

VII. OTHER CLAIMS

Nothing in these Orders shall constitute or be construed as a release from any claim, cause of action or demand in law or equity against any person, firm, partnership or corporation, not a party to these Orders, for any liability arising from, or related to, the operation of Respondent’s Facility.

VIII. OTHER APPLICABLE LAWS

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state and federal laws and regulations. These Orders do not waive or compromise the applicability and enforcement of any other statutes or regulations applicable to Respondent.
IX. MODIFICATIONS

These Orders may be modified by agreement of the parties hereto. Modifications shall be in writing and shall be effective on the date entered in the journal of the Director of Ohio EPA.

X. NOTICE

All documents required to be submitted by Respondent pursuant to these Orders shall be addressed to:

XI. RESERVATION OF RIGHTS

Ohio EPA and Respondent each reserve all rights, privileges and causes of action, except as specifically waived in Section XII. of these Orders.

XII. WAIVER

In order to resolve disputed claims, without admission of fact, violation or liability, and in lieu of further enforcement action by Ohio EPA for only the violations specifically cited in these Orders, Respondent consents to the issuance of these Orders and agrees to comply with these Orders. Compliance with these Orders shall be a full accord and satisfaction for Respondent’s liability for the violations specifically cited herein.

Respondent hereby waives the right to appeal the issuance, terms and conditions, and service of these Orders, and Respondent hereby waives any and all rights Respondent may have to seek administrative or judicial review of these Orders either in law or equity.

Notwithstanding the preceding, Ohio EPA and Respondent agree that if these Orders are appealed by any other party to the Environmental Review Appeals Commission, or any court, Respondent retains the right to intervene and participate in such appeal. In such an event, Respondent shall continue to comply with these Orders notwithstanding such appeal and intervention unless these Orders are stayed, vacated or modified.

XIII. EFFECTIVE DATE

The effective date of these Orders is the date these Orders are entered into the Ohio EPA Director's journal.

XIV. SIGNATORY AUTHORITY

Each undersigned representative of a party to these Orders certifies that he or she is fully authorized to enter into these Orders and to legally bind such party to these Orders.
