PREAMBLE

It is agreed by the parties hereto as follows:

I. JURISDICTION

These Director’s Final Findings and Orders (Orders) are issued to Heritage
Environmental Services, LLC and Heritage Transport, LLC (Respondents) pursuant to
the authority vested in the Director of the Ohio Environmental Protection Agency (Ohio
EPA) under Ohio Revised Code (ORC) §§ 3734.13 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondents and successors
in interest liable under Ohio law. No change in ownership of Respondents or of the
Facilities owned by Respondents shall in any way alter Respondents’ obligations under
these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same
meaning as defined in ORC Chapter 3734. and the rules promulgated there under.
IV. FINDINGS

The Director of Ohio EPA has determined the following findings:

1. Respondents are “persons” as defined in ORC § 3734.01(G) and Ohio Administrative Code (OAC) rule 3745-50-10(A).

2. Respondent Heritage Transport, LLC operates as a hazardous waste transporter in the state of Ohio. Respondent Heritage Transport, LLC was issued US EPA identification number IND058484114.

3. Respondent Heritage Environmental Services, LLC operates a hazardous waste transfer facility located at 5451 Enterprise Blvd. in Toledo, Lucas County, Ohio 43612 (Facility). Respondent Heritage Environmental Services, LLC was issued US EPA identification OHD981948649.

4. Respondent Heritage Transport, LLC is an affiliate of Respondent Heritage Environmental Services, LLC.

5. On November 5, 2009, Respondent Heritage Transport, LLC accepted hazardous waste containers from Bendix Commercial Vehicle Systems, LLC (Bendix) located at 901 Cleveland Street in Elyria, Ohio. The shipment was documented using hazardous waste manifest number 000237879WAS.

6. The hazardous waste containers were transported from Bendix's Elyria facility to Respondents' transfer facility in Toledo, Ohio. At this facility, the hazardous waste containers were managed and subsequently placed with other containers onto a consolidated shipping trailer.

7. On November 11, 2009, the trailer referenced in Finding No. 6. of these Orders was transported off-site by Respondents to the permitted hazardous waste facility in East Liverpool, Ohio.

8. On November 19, 2009, the consolidated hazardous waste containers were received at Respondents' permitted hazardous waste facility. However, one container of ignitable (D001) hazardous waste listed on hazardous waste manifest number 000237879WAS was not present when the shipment arrived at Respondents' permitted hazardous waste facility.
9. On December 4, 2009, Respondents submitted a manifest discrepancy report for the manifest numbered 000237879WAS. The discrepancy report identified the failure of Respondents to deliver one 55-gallon drum of hazardous waste ignitable liquids to an authorized facility.

10. On October 8, 2010, Ohio EPA conducted a compliance evaluation inspection of Respondent Heritage Environmental Services, LLC's Toledo facility.

11. Based upon the results of inspection and review of documentation submitted by Respondents, Respondents engaged in the transportation of hazardous waste and failed to deliver all containers of hazardous wastes to an authorized facility. Therefore, Ohio EPA determined that Respondents, inter alia:

   a. caused hazardous waste to be transported to an unpermitted facility in violation of ORC § 3734.02(F);

   b. failed to safely deliver hazardous waste to the designated facility, in violation of ORC § 3734.15(B); and

   c. failed to comply with the hazardous waste manifest by not delivering the entire quantity of hazardous waste which was accepted from the generator to the designated facility, in violation of OAC rule 3745-53-21(A)(1).

12. Respondents were notified of these violations in letters dated August 12, 2010 and December 2, 2010.

13. By correspondence dated September 14, 2010, Respondent submitted documentation in response to the August 12, 2010 letter referenced in Finding No. 12. of these Orders. In this letter, Respondents detail the efforts they made to find the missing container of hazardous waste; as well as identified actions to prevent future violations.

14. By electronic mail on November 3, 2010, Respondent submitted a copy of their Standard Operating Procedure which was reviewed and revised following the incident referenced in Finding No. 8. of these Orders.

15. Respondents have been unable to locate the missing container of ignitable hazardous waste.
16. Because of the information referenced in Finding Nos. 13. and 14 of these Orders, no further action is required of Respondents at this time regarding the violations referenced in Findings Nos. 11.a., 11.b., and 11.c. of these Orders.

V. ORDERS

Respondents shall achieve compliance with Chapter 3734. of the ORC and the regulations promulgated there under according to the following compliance schedule:
