Director's Final
Findings and Orders

I certify this to be a true and accurate copy of the official documents as filed in the records of the Ohio Environmental Protection Agency.

PREAMBLE

It is agreed by the parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders (Orders) are issued to Whitaker Finishing, LLC (Respondent) pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency (Ohio EPA) under Ohio Revised Code (ORC) §§3734.13 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in ownership of Respondent or of the Facility shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 3734, and the rules promulgated thereunder.

IV. FINDINGS

The Director of Ohio EPA has determined the following findings:

1. Respondent is a "person" as defined in ORC §3734.01(G) and Ohio Administrative Code (OAC) rule 3745-50-10(A).
2. Respondent operates the electroplating plating facility located at 2707 Tracy Road, Northwood, Wood County, Ohio (Facility). At the Facility, Respondent specializes in nickel, chrome, and copper plating for various industries. Respondent notified Ohio EPA of its hazardous waste activities and was assigned generator identification number OH986970986.

3. At the Facility, Respondent generates "hazardous waste" as that term is defined by ORC §3734.01(J) and OAC rules 3745-50-10(A) and 3745-51-03. Respondent operates as a large quantity generator of hazardous waste. Hazardous wastes generated at the Facility by Respondent include waste electroplating liquids (D002, D003, D007, F008, F009) and wastewater treatment unit filter cake sludge (F006).

4. On June 26, 2008, Ohio EPA conducted a compliance evaluation inspection at the Facility. As a result of the inspection, Ohio EPA determined that Respondent had, inter alia:

   a. Established and operated a hazardous waste storage facility by storing hazardous waste filter cake sludge (F006) for greater than 180 days, as described in OAC rule 3745-52-34(I), in violation of ORC §3734.02(E) and (F);

   b. Failed to conduct inspections of the hazardous waste container accumulation area, in violation of OAC rule 3745-66-74;

   c. Failed to mark a container of hazardous waste with the accumulation start date, in violation of OAC rule 3745-52-34(A)(2);

   d. Failed to label a container of F006 filter cake with the words "hazardous waste," in violation of OAC rule 3745-52-34(A)(3);

   e. Failed to keep the container used to accumulate hazardous waste filter cake (F006) closed at all times except when it is necessary to add or remove waste, in violation of OAC rule 3745-66-73(A);

   f. Stored hazardous waste in a container that was not in good condition and was leaking, in violation of OAC rule 3745-66-71;

   g. Failed to keep an updated list of names, addresses and phone numbers of all persons qualified to act as emergency coordinator in the contingency plan, in violation of OAC rule 3745-65-52(D);
h. Failed to include an evacuation plan for Facility personnel in the contingency plan, in violation of OAC rule 3745-65-52(F);

i. Failed to label hazardous waste satellite accumulation containers with the words “hazardous waste” or other words identifying the contents, in violation of OAC rule 3745-52-34(C)(1)(b);

j. Failed to include contingency plan implementation as part of the personnel training program, in violation of OAC rule 3745-65-16(A)(2);

k. Failed to maintain documents and records for the job title for each position at the Facility related to hazardous waste management and the name of the employee filling each job, in violation of OAC rule 3745-65-16(D)(1);

l. Failed to maintain a written job description for each position at the Facility related to hazardous waste management, in violation of OAC rule 3745-65-16(D)(2); and

m. Failed to maintain a copy of the Land Disposal Restriction notification form for the hazardous waste filter cake (F006), in violation of OAC rule 3745-270-07(A)(2).

5. By letter dated July 17, 2008, Ohio EPA notified Respondent of the violations referenced in Finding No. 4. of these Orders. In the July 17, 2008 letter, Ohio EPA noted that the illegally stored hazardous waste referenced in Finding No. 4.a. of these Orders was shipped from the Facility on February 27, 2008. In the letter, Ohio EPA also notified Respondent that Respondent had abated the violations referenced in Finding Nos. 4.c., 4.d., and 4.f. of these Orders.

6. In correspondence received July 8 and September 18, 2008 and January 21 and January 28, 2009, Respondent provided responses to Ohio EPA’s July 17, 2008 letter referenced in Finding No. 5. of these Orders.

7. By letter dated February 11, 2009, Ohio EPA notified Respondent that Respondent had abated the violations referenced in Finding Nos. 4.b., 4.e., 4.g., 4.h., 4.i., 4.j., 4.k., 4.l., and 4.m. of these Orders.

8. Because the hazardous waste was shipped offsite, Respondent removed the visible releases from the area where the leaking container of hazardous waste filter cake sludge (F006) was stored, and Respondent will continue to
use this area to accumulate hazardous waste, the Director has determined that no additional action is required of Respondent at this time regarding the ORC §3734.02(E) and (F) violation referenced in Finding No. 4.a. of these Orders.

9. In October 2009, Respondent submitted financial statements to Ohio EPA in order to demonstrate that it did not possess the financial ability to pay the entire civil penalty settlement included in the Orders proposed to Respondent on May 28, 2009.

10. Ohio EPA has reviewed Respondent's financial information and has determined that Respondent has the ability to pay a civil penalty settlement of no more than $2,000.

V. ORDERS

Respondent shall achieve compliance with Chapter 3734. of the ORC and the regulations promulgated thereunder according to the following compliance schedule:

Payment shall be made by an official check made payable to “Treasurer, State of Ohio” for $2,000.00. The official check shall be submitted to Ohio EPA, Office of Fiscal Administration, Department L-2711, Columbus, Ohio 43260-2711, together with a letter identifying Respondent. A copy of this check shall be submitted in accordance with Section X. of these Orders.

VI. TERMINATION

Respondent's obligations under these Orders shall terminate upon Ohio EPA's receipt of the official check required by Section V. of these Orders.

VII. OTHER CLAIMS

Nothing in these Orders shall constitute or be construed as a release from any claim, cause of action or demand in law or equity against any person, firm, partnership or
corporation, not a party to these Orders, for any liability arising from, or related to, the operation of Respondent’s Facility.

VIII. OTHER APPLICABLE LAWS

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state and federal laws and regulations. These Orders do not waive or compromise the applicability and enforcement of any other statutes or regulations applicable to Respondent.
